REPORT ON THE GIRL SCOUT CABIN

For the last two weeks those amateur carpenters and bricklayers who had ideas that they were really professional have been taken down a peg by being given shoveling and leveling work on the floor of the cabin and outside porch to do. In view of their willingness to work however the cabin is beginning to shape up for the big date of the dedication which will be Sunday December 4th. Even the fireplace has been tried out with waste lumber and found wonderful.

There are a few remaining Thank-You items to clear up before the end is reached. They are as follows:

Lumber left over and nails etc., from building his garage . . Brad Hersey.

Insulation for all the plumbing . . Blanchard Lumber Company.

Hand wrought irons made to order for outdoor fireplace . . Fulton Brown.

Fluorescent lighting fixtures . . Beta Sigma Phi Society.

Asphalt Tile Flooring . . En Ka.

Sewer and Water Department men gave time to put in sewer and water pipes to cabin.

Furnishings for Cabin . . Kenneth Pond.

Flagstones less cost . . Frizzell Bros., Woburn.

Gravel for fill . . McGonigle Bros.

YOUR WINCHESTER GIRL SCOUTS SAY:

We need a bigger camp -- one that our 670 Scouts can use as a year round center. Only **YOUR MONEY NOW** can build a new cabin in the Fells for us. We have never had a drive like this before. Now we need \$15,000 for a permanent home for our 40 troops. We need elbow room now for the future. **BUY A LOG -- BUILD OUR CABIN -- BUY A LOG TODAY!**
