## **A STATEMENT FROM WINCHESTER'S DIRECTOR OF PUBLIC SAFETY**

The emergency has arrived. We are at war. Let us now face the situation with calmness, clear thinking, and intelligent action.

Winchester is not yet organized to the extent planned. There is still a place for anyone who wishes to volunteer for service, and much intensive training is necessary for the proper functioning of the complete organization. However, there are about 650 men and women who through knowledge recently acquired by study and training are now qualified to aid in the protection of life and property should any extreme emergency occur in the town.

About 275 Air Raid Wardens have just completed their school course and will be immediately assigned to duty. Another group will be started soon. One hundred Auxiliary Police and Firemen are now receiving instructions in their duties. Several hundred men and women have passed the Red Cross First Aid Course. Over 100 volunteer ambulance drivers are enrolled, and the Red Cross Motor Corps is fully organized and working. Many women are studying emergency feeding in our Nutrition course and plans for temporary shelter and additional hospital service have been fully approved.

A list of available trucks is on file. The public services are prepared to meet any emergency. The Boy Scout courier service is organized. A Disaster Information Service has been established.

All town departments are aware of the necessity for quick action and are ready to assist whenever needed.

The volunteer army observers are on duty at their posts continually night and day. The Report Center is fully equipped with telephones, charts, maps, and official message blanks and is now "on the alert" 24 hours a day on orders from the U. S. Army. The first test-call from the Army came in at 10:20 Monday night. Winchester answered, "we are ready."

## **SUPPLIES NEEDED TO EQUIP RED CROSS EMERGENCY AMBULANCES FOR WINCHESTER**

The Winchester Chapter, American Red Cross, is appealing to the townspeople of Winchester for donations of any of the following material:

- 20 camp blankets (either navy or khaki)**
- 10 chemical heating pads**
- 10 flashlights**
- 5 thermos bottles (quart size)**
- 5 kerosene lanterns**
- 5 flood lights (type used by firemen)**
- 5 fibre suitcases**
- 10 small pillows—size about 12x16.**

The Winchester Chapter will have six Emergency Ambulances ready for service in Winchester—the above items issued by the American Red Cross, First Corps Area, Disaster Field Office, are for five Red Cross Emergency Ambulances.

The equipment for one ambulance is being supplied by Miss Helen Downer of 23 Sheffield road, Winchester.

Emergency ambulances are designed to provide adequate means of transportation for civilians injured in peace time or war caused disaster. During peace time disasters the Emergency Ambulance Units are directly responsible to the Medical Staff of the Disaster Committee and may also be used under the direction of the Rescue and Transportation Committee, depending upon the circumstances. During war caused disasters, the Units are subject to call and direction by the chief Air Raid Warden.

It is necessary that this material be in the hands of the Winchester Red Cross immediately so that all ambulances will be ready by Jan. 15, 1942. For further information regarding the equipment of these ambulances, please call Mrs. Earle E. Andrews, 196 Highland Avenue, Telephone Win. 0017.

Alice R. Andrews (Mrs. Earle E.)  
Acting Chapter Chairman Winchester Red Cross Chapter

## Red Cross Call to Service

The dramatic poster by James Montgomery Flagg is the first war poster of the new World War. It is an appeal for a \$50,000,000 American war relief fund to feed, shelter, clothe and give medical aid to American men, women and children bombed by the enemy. It is an appeal for funds to provide comforts for our American Army and Navy, and for welfare work for our troops at home and abroad, and their families on the home front. President Roosevelt asks you to give. Your dollars will serve humanity. Give through your local Red Cross Chapter.

# OUR EMPLOYEES AND NATIONAL DEFENSE

19  42

A YEAR AGO companies in the New England Power system, in outlining their policy of preparedness as a part of the country's National Defense program, placed particular emphasis upon the important part employees would play in this patriotic effort.

THIS YEAR, with eighteen or twenty men needed in defense industries to back up each fighting man in Uncle Sam's forces and with our country in a state of war against ruthless and treacherous aggressors, we have a deep satisfaction in knowing that —

1. Our employees are skillful, well-trained men and women, many of whom have spent the greater part of their lives in our service.
2. Our employees know their jobs thoroughly and have a deep sense of responsibility as to their parts in the National Defense Program.
3. The physical properties these employees operate are in good order.
4. Our employees, as soldiers of industry, have a vitally important job in supplying indispensable materials to the armed forces of our country.

As their modest contribution in an America that is united and determined, our employees dedicate their every effort to the preservation of the ideals of this great democracy!

WINCHESTER  
CIVILIAN DEFENSE

OFFICIAL BULLETIN

On Sunday afternoon, Feb. 22 at 3 P. M. the air raid alarm will be sounded for a practice air raid drill. The Defense Organization will go on alert at 2:30 P. M.

This should be publicized as much as possible for the benefit of all citizens of the Town.

The Directors of the Protection, Medical and Public Service Divisions will immediately complete their plans for the mobilization of their respective units.

Wardens who have not yet received their assignments will please report this fact at once to James F. Dwinell, Ex-Sec., at Protection Headquarters, Town Hall, Win. 2859.

\* \* \*

Dunbar F. Carpenter has been appointed Identification Officer for Winchester. Plans are being perfected for the issuance of identification cards to everyone connected with Civilian Defense within the Commonwealth. Orders relative to this will be issued soon.

\* \* \*

General Defense Headquarters are located in the White Building, 572 Main Street, Winchester 0207. The Registration and Information Office is open from 10 A. M. - 5 P. M. every day except Sunday.

# **To Help Our Boys At War**

## **TO THE CITIZENS OF WINCHESTER:**

Every man who served in the first World War has a keen appreciation of the purposes of the United Service Organization in providing homelike facilities and entertainment in our army camps and surrounding communities. The various independent agencies made a valiant attempt to provide a means of disposing of "free time" but the unification of effort now brought together in the U. S. O. cannot help but successfully cope with this difficult problem.

By combining the necessary money-raising for the U. S. O. with the usual Greater Boston Community Fund campaign, the Red Cross War Fund, and funds for the Boston Soldiers and Sailors Committee, the general public is given an opportunity to contribute to the high purposes of the U. S. O. while maintaining the tremendous and incalculable benefits afforded by the Community Fund, and yet the inconvenience of conducting separate fund-raising campaigns is done away with.

We in the American Legion urge everyone to remember the men in the service of their country, when making their contributions to the Greater Boston United War Fund, by adding a substantial amount to their customary subscriptions.

**"FOR GOD AND COUNTRY!"**

(Signed)

**R. H. B. SMITH, Commander  
Winchester Post, 97, American Legion**

# **SEVEN REASONS WHY ...**

## **Community Fund Agencies in the Greater Boston United War Fund Need Your Generous Support in 1942**

Hospitals must be maintained in war time at peak efficiency in case of disaster or epidemic.

The community's health must be held at highest level to withstand economic and emotional strain of the times.

Settlements in crowded districts are more than ever needed as a refuge to whole families seeking release from tension.

Family agencies have more calls for aid than in many years. Temporary help and counsel will be increasingly needed during 1942, owing to change and adjustment in jobs.

Boys' and girls' work must be relaxed in wartime, lest Britain's mistake which resulted in alarmingly increased delinquency be repeated.

Day nurseries, already full, are turning away children whose mothers must work.

Handicapped and crippled must still be given a chance to earn their living—trained, if possible, for defense production.

## **REMEMBER PEARL HARBOR!**

History of Greater Boston was made at the record-breaking rally of 20,000 United War Fund volunteer workers last week at the Boston Garden. Enthusiasm ran high, revealing the throbbing pulse of patriotism and the aroused responsibility of a community at war.

Memorable among the brief, but stirring, speeches were these highlights:

**GOVERNOR SALTONSTALL**—We've got to fight to maintain the front lines. Therefore we must have a healthy, happy, prepared, united community.

**MAYOR TOBIN**—The eyes of the nation are on Greater Boston in this campaign. While fourth in population, Boston is No 1 in our support of charity and the boys in the armed forces.

**CHARLES FRANCIS ADAMS**—This is the spirit of Boston expressing itself. This is the spirit of the older ones, too old to fight, determining what we shall do to help those who take our places, by some sacrifice a little commensurate with what they are doing.

**MAYNARD HUTCHINSON**—We are going to show ourselves, we are going to show the nation, yes, we are going to show the Axis, that the quality of our patriotism is greater than ever before.

**CLARENCE B. RANDALL**—Democracy is not opportunity—it is responsibility.

WINCHESTER  
CIVILIAN DEFENSE

OFFICIAL BULLETIN

Interpretation of the law regarding inside and outside store lighting is covered in the Governor's Executive Order No. 3, dated Jan. 8th:

"Until further order, rule or regulation all illuminated signs, flood lighting, store window lighting or any other display lighting visible from the outside shall be extinguished from sunset to sunrise unless the owner or person in control thereof has made arrangements satisfactory to the Massachusetts Committee on Public Safety whereby such lights shall be turned off immediately when the signal for a blackout is given."

In other words persons or owners in control must make satisfactory arrangements with James W. Blackham, Blackout Officer for Winchester whereby any illuminated signs, flood lighting, store windows lighting or other display lighting shall be turned off immediately when the signal for black out is given; otherwise such lights must be extinguished from sunset to sunrise.

The sole responsibility lies with the owner, or person in control of the lights.

\* \* \*

The Health and Social Services Divisions heretofore functioning as two separate groups are now combined into one, to be known as the Health and Social Service Division.

Malcolm S. Nichols, formerly Director of Social Service is the Director of the new Division and Thomas H. Hoare is the Executive Secretary and Rehabilitation Officer.

Dr. Roger M. Burgoyne will remain as Chairman of Health and John M. Kingman has been appointed Chairman of Social Service.

This change strengthens the organization by bringing into it two more well trained social service advisors. Mr. Kingman is also the President of the Winchester Community Council.

1775 - U.S. NAVY AND MARINE CORPS - 1941

**THIS** IS ONE OF THE NAVAL TRADITIONS WHICH CAUSES SO MANY FINE YOUNG MEN TO VOLUNTEER FOR OUR NAVY OR MARINE CORPS TODAY AND MAKES CIVILIANS RESOLUTE IN THEIR SHARE IN NATIONAL DEFENSE.

**OUR DEMOCRACY**——by Mat

**A LAND OF BRAVE MEN  
AND BEAUTIFUL WOMEN.**

**JUST AS REGULATIONS REQUIRE SOLDIERS, SAILORS AND MARINES TO BE WELL-GROOMED, SO WOMEN AND GIRLS ARE NOW PARTICULARLY PROUD OF THEIR LOOKS.**

APPEARANCE AND MORALE GO TOGETHER... IN 1917-'18, THE 1ST AND 2ND DIVISIONS WERE FAMOUS FOR BEING WELL TURNED OUT. — BOTH DIVISIONS WERE DECORATED FOR BRAVERY.

## *How to Distinguish Nationality of Aircraft*

**UNITED STATES ARMY**  
Wing and Fuselage—Blue disk with white star and red center  
Rudder—Horizontal red and white stripes; blue field

**UNITED STATES NAVY**  
Wing and Fuselage—Blue disk with white star and red center  
Rudder—Blue, white and red vertical stripes

**GREAT BRITAIN, R. A. F.**  
Wing—Blue circle, white circle with red center  
Rudder—No identification; vertical red, white and blue stripes on fin.

**RUSSIA**  
Wing and Fuselage—Red star  
Rudder—No identification

**MEXICO**  
Wing—Red triangle, white triangle with small green triangle in center  
Rudder—Green, white and red vertical stripes

**GERMANY**  
Wing—Black cross  
Rudder—Black swastika circled in red field

**ITALY**  
Wing—Roman fasces, yellow, in white disk  
Rudder—Green, white and red vertical stripes with royal arms in center

**JAPAN**  
Wing—Red disk  
Rudder—No identification

Civilian air raid spotters will have no difficulty distinguishing Axis planes from those of the United Nations if they memorize the markings illustrated above. American and British planes have designs of red, white and blue, and Russia has a red star. Watchers on the southern border occasionally may see the red triangle of Mexico. Axis raiders are easily spotted through the familiar black cross and swastika of Germany, the round red rising sun emblem of Japan and the Roman fasces insignia borne by Italian planes.

If you can't shoulder a

## CONGRESSIONAL MEDAL OF HONOR

This, the highest decoration awarded by the U. S. Government, can be given to any officer or enlisted man of the United States Army who shall "in action involving actual conflict with an enemy distinguish himself conspicuously by his gallantry and intrepidity at the risk of his life, above and beyond the call to duty." It was first authorized by act of Congress in 1862, and presented "in the name of Congress"; hence the frequent allusion to it as the "Congressional Medal."

The present design was adopted in 1904. A bronze five-pointed star, surrounded by a laurel wreath in green enamel, suspended by two links from a bronze bar bearing the inscription "Valor," and surmounted by an eagle. In the center of the star is the head of Minerva surrounded by the inscription "United States of America." Each ray of the star bears an oak leaf in green enamel. On the reverse of the medal is engraved the name of the recipient. It may be worn with a neck band. The ribbon is of light blue watered silk. Midway

between the neckband and on the ribbon supporting the medal are 13 white stars arranged in the form of a triple chevron.

**ORDER FOR TEST BLACKOUT MARCH 11TH  
9:30 P. M. — 9:50 P. M.**

Under the authority conferred by Executive Order No. 3 promulgated by Leverett Saltonstall, Governor of the Commonwealth of Massachusetts, and dated January 8, 1942 and with the approval of the Controller of Area V-B, it is hereby ordered that at 9:30 P. M. on March 11, 1942, occupants of all premises or parts of premises, public and private, in the Town of Winchester shall extinguish all lights or darken the premises so that no light is visible from the outside.

The signal for the test blackout shall be the extinguishment of the street lights. The blackout shall remain in effect until the street lights are turned on at 9:50 P. M.

HAROLD S. FULLER, Defense Director

**BLACKOUT REGULATIONS**

Smoking or lighting matches outdoors during the blackout is forbidden.

Lights may be left on in rooms which have previously been equipped for use during a blackout in such manner that no light whatsoever shall be visible from the outside. The windows and entrances to such equipped rooms or places shall be covered with heavy draperies, curtains, heavy paper, board or black obscuration paint, so that no light may be visible from the outside. Skylights shall be specially obscured on the outside to prevent reflection of light.

All outside lights, including lights for work being done in the open, shall be extinguished immediately on the giving of the signal for the test blackout. All outside activity which involves fire, or in any way creates or displays a source of light, shall cease.

No vehicle shall be operated on any way or street, public or private during the blackout except such vehicles as are necessary for the services essential to civilian defense, or for the preservation of life or property.

At 9:30 P. M., March 11, 1942, the operators of vehicles other than emergency vehicles shall immediately drive to the side of the road or curb at the first opportunity and stop. The operators of vehicles shall extinguish the lights thereon. The operators of such vehicles shall not park at intersections, hydrants, police stations, fire stations or hospitals. If practical, the operators of such vehicles shall drive the same entirely off the travelled portions of the road or highway. Vehicles already parked at the curb, in parking places or garages shall be left where they are unless ordered or permitted to be moved by the police.

**BLACKOUT RULES FOR THE HOMES**

Remain indoors if possible. Be sure that the children are kept off the streets.

Put out ALL lights except in rooms effectively blacked out.

Have interior lights so arranged or shaded that they do not shine directly on any window or other opening or their coverings.

Do not make unnecessary telephone calls during the Blackout period.

Cover your radio dial if the instrument is turned on in an unlighted room that is not blacked out.

Keep off the streets.

### SILVER STAR

The Silver Star is awarded to each person who, while an officer or enlisted man in the Army of the United States is cited for gallantry in action and the citation was published in orders issued from the headquarters of a force commanded by, or which is the appropriate command of a general officer or issued by the War Department, which citation does not warrant the award of the Medal of Honor or Distinguished Service Cross. A bronze star in the center thereof a raised silver star, the center lines of all rays of both stars coinciding. The reverse to have the inscription "For gallantry in action" and a space for the name of the recipient. It is suspended by a silk moire ribbon in stripes of blue, white and red.

## THE FLAG OF THE UNITED STATES OF AMERICA— HOW TO RESPECT AND DISPLAY IT

1—When flags of states or cities or pennants of societies are flown on the same halyard with the flag of the United States of America, the latter should always be at the peak. When flown from adjacent staffs the flag of the United States should be hoisted first and lowered last.

2—When displayed with another flag against a wall from crossed staffs, the Flag of the United States should be on the right (the flag's own right), and its staff should be in front of the staff of the other flag.

3—When used on a speaker's platform, whether indoors or out, the flag should never be reduced to the role of a mere decoration by being tied into knots or draped over the stand. For this purpose bunting should be used. The flag, if displayed, should be either on a staff or secured to the wall or back curtain behind the speaker with the union to the flag's right.

4—When flags of two or more nations are displayed together they should be flown from separate staffs of the same height and the flags should be of approximately equal size.

5—When the flag is displayed in a manner other than by being flown from a staff, it should be displayed flat, whether indoors or out. When displayed either horizontally or vertically against a wall, the union should be uppermost and to the flag's own right, that is, to the observer's left.

6—Whenever a number of flags of states or cities or pennants of societies are to be arranged in a group and displayed from staffs with the flag of the United States the latter should be placed at the center of that group and on a staff slightly higher than any of the others.

7—When the flag is displayed in the body of the church, it

should be from a staff placed in the position of honor at the congregation's right as they face the clergyman. The service flag, the state flag or other flag should be at the left of the congregation. If in the chancel or on the platform, the flag of the United States should be placed on the clergyman's right as he faces the congregation and the other flags at his left.

8—When the flag is displayed from a staff projecting horizontally or at an angle from the window sill, balcony or front of a building, the union of the flag should go to the peak of the staff (unless the flag is to be displayed at half-staff).

9—Whenever the flag of the United States is carried in a procession in company with other flags, it should occupy a position in front of the center of the line of flags or on the right of the marching line.

## Border Your Victory Garden

### WITH BRIGHT FLOWERS

You can make your victory vegetable garden the show spot of your grounds by planting a clever border of bright flowers. Here are some suggestions.

### CLIMBING ROSES

**PAUL'S SCARLET** the finest, brightest, purest red-flowering climber

**MARY WALLACE** vigorous-grower, large, brilliant pink flowers. Fragrant, early blooming

**SILVER MOON** large semi-double silvery white flowers with yellow centers. Handsome glossy foliage

1 each of above \$1.95

### ALL AMERICA SELECTIONS

**MARIGOLD BUTTERBALL**—a brilliant canary yellow, 6 to 10 inches tall of compact form, splendid for edging

**MORNING GLORY, PEARLY GATES**, the exquisite companion to Heavenly Blue. Vigorous, free blooming

**CLEOME PINK QUEEN**—a delightful shade of pink. Blooms in huge clusters. Striking and easy to grow.

**PHLOX RED GLORY**—a glorious new annual, rich, bright red, with a white eye.

## “THE BOSTON MUTUAL DOES ITS PART” ★ ★

**O**UR COUNTRY is engaged in the most devastating and far-reaching war in history. All business institutions will be judged by what they do to help in this world struggle to preserve human freedom. The **Boston Mutual Life Insurance Company**, like other life companies, is dedicating itself to help in every way possible in the prosecution of this war.

Over 72% of all the securities owned by the **Boston Mutual** is in United States Government Bonds, including an investment in Defense Savings Bonds to the maximum amount which we can subscribe to in any one year. Your Life Insurance dollars, invested in Government Bonds, are helping to buy planes, tanks, ships, guns, and all the other implements of war. Your Life Insurance dollars are doing their part to win the victory.

Many **Boston Mutual** men from the Home Office and the Field are now in the armed forces of Uncle Sam. More will don the uniforms in the near future. Most of our Directors, and the Home Office and Field Personnel are active in the various fields of Home Defense and Red Cross; several are on the Selective Service Boards. All are doing their part in purchasing and helping the sale of United States Defense Bonds.

**1941 Was a Good Year:** Insurance in force increased to over one hundred and three millions, policyholders increased to over 315,000. We paid policyholders and beneficiaries \$1,778,553 — since organization \$35,108,682. Income last year exceeded disbursements by \$921,970. The **Boston Mutual**, for the fifty-first year, is rendering to the people of New England dependable life insurance service.

### **DISTINGUISHED- SERVICE MEDAL**

The Distinguished-Service Medal is awarded to persons who, while serving in any capacity with the Army of the United States, distinguish themselves by exceptionally meritorious services to the Government in duty of great responsibility, and to all enlisted men of the Army to whom the certificate of merit had been granted under the conditions of previously existing law. It was instituted in 1918.

On the medal the coat of arms of the United States in bronze is surrounded by a circle of dark blue enamel bearing the inscription "For Distinguished Service." On the reverse is a scroll for the name of the recipient. It is suspended by a bar from a watered-silk ribbon, composed of a band of scarlet, a stripe of dark blue, a band of white, a stripe of dark blue, and a band of scarlet.

# Selective Service Registration INFORMATION

## WHO MUST REGISTER

All men who have attained their 45th birthday on or before February 16, 1942 (born before February 16, 1897) and those who have not attained their 65th birthday on April 27, 1942, (born in or after April 27, 1877), whether citizens of the United States or not.

## WHERE TO REGISTER

Registration may be accomplished in the town in which the Registrant lives, as well as in any town or city in the United States. The Registrants should be careful to give their home address properly when registering out of the home town, and should be careful to carry some form of identification with them.

## WHEN TO REGISTER

Monday, April 27, 1942—7 A. M. to 9 P. M.

Also for those who find it convenient, Sunday, April 26, 1942—9 A. M. to 5 P. M.

## Place of Registration in Winchester and Stoneham

WINCHESTER—Auditorium, Town Hall.

STONEHAM—Banquet Hall, Town Hall.

Any one physically unable to present himself for registration or who knows of any one in such condition, please Phone Win. 2706 between 9 a. m. and 5 p. m. at once.

Selective Service Board, No. 161  
Town Hall, Winchester, Mass.

# IMPORTANT NOTICE FOR ALL CIVILIAN DEFENSE WORKERS

Every individual working in any capacity in Civilian Defense in the Commonwealth must have an Identification Card which includes a personal photograph.

Identification questionnaires have been already distributed to most of the Organization, but if you have not received yours, call at Defense Center, 572 Main Street and obtain one. All must be returned by the 24th. In addition to this, everyone must be photographed. The Official State Photographers will be at the Town Hall, Saturday, April 25 from 10 a. m. to 5 p. m. All women and as many men as possible are urged to have their pictures taken in the morning.

Without this card, persons may be stopped going from one place to another in an emergency. There is a necessary charge of 25c payable at the time the picture is taken.

Defense Center will be open every week day until the 25th from 1 p. m. to 5 p. m. and from 7:30 p. m. to 9 p. m. and Sunday afternoon from 3 p. m. to 5 p. m. in order that everyone may obtain a questionnaire.

# YOU can help

SAVE  
telephone service  
for WAR needs

*Please look up numbers  
in the Directory. Don't  
trust to memory. If you  
dial, do it carefully.  
When you give a num-  
ber, speak slowly and  
clearly.*

LITTLE mistakes in using  
the telephone occur 117,-  
544 times a day in New  
England. Each error holds  
up switchboards, cables,  
equipment and skilled  
personnel an average of  
21 seconds. That amounts  
to 685 hours of telephone  
service every day, which  
means that enough oper-  
ators and switchboard  
equipment to serve a  
whole city the size of  
Manchester, N. H. are  
tied up because telephone  
numbers are not called  
correctly. You can help.  
Please call numbers care-  
fully — correctly.

\*With the exception of very few items on which prices are fixed by manufacturers under the Massachusetts Fair Trade Law.

# **INFORMATION WANTED**

The Committee created at the March Town Meeting to gather information concerning Winchester men and women serving with the armed forces of the United States or its Allies is most desirous of having such information sent to Mr. Robert B. Metcalf at the Winchester Library.

It is the committee's duty to collect war data, maintain records and at the conclusion of this war, publish a history of Winchester's war activity. The committee is trying to keep its records up to date, feeling that much data may be inaccessible after the war is over.

Parents and friends of men and women in the service are urged to send in all information possible concerning them, being careful to give the full name of the person serving, branch of service, parents' names, place and date of birth and any other items of interest, such as education, business, etc. As additional information concerning service men and women comes to hand the committee asks that it be sent to Mr. Metcalf at the Library.

# CONSERVE FOR VICTORY

★ ★ ★ ★ ★ ★ ★

## TAKE GOOD CARE OF YOUR GAS APPLIANCES

Conservation is the keynote to help America win the war. We must take good care of the things we have. Gas appliances are no exception. It is wasteful to use any gas appliance that needs adjustment or repair.

### NOW - it is even more important that they SERVE BETTER — LAST LONGER!

Wartime restrictions now imposed on gas appliances, mean that we must take good care of the things we have. To this end, — we should keep our gas appliances clean and in efficient operating order at all times. In this way they will continue to serve us better — longer. Should it become necessary, your gas company's servicemen are available to adjust, overhaul or repair. Charges are reasonable.

**FOR VICTORY**  
**BUY**  
**UNITED STATES**  
**WAR**  
**SAVINGS BONDS**

## ARLINGTON GAS LIGHT COMPANY

522 Main St. Winchester

Tel. Win. 0142

### **SOLDIER'S MEDAL**

The Act of Congress approved July 2, 1926, authorized a medal to be known as the Soldier's Medal, and provided that the medal may be presented to persons who, while serving in any capacity with the Army of the United States shall hereafter distinguish themselves by heroism not involving actual conflict with an enemy.

## **500 MORE MEN AND WOMEN WARDENS NEEDED NOW**

It is apparent that any efficient plan for the proper functioning of the Winchester Defense Corps must of necessity provide for both day and night groups. This is particularly true of the A. R. P. Organization which must go into action quickly and effectively if our other defense units are to carry out their responsibilities.

It is therefore imperative that a day time organization be set up at once without further delay in order that the town be protected adequately at all times.

The personnel of each Warden's Post should consist of four persons—two for night duty and two for day duty. However for the present and until there are enough wardens to carry out the plan, and until further orders are issued, all wardens, (when they are in Winchester) should respond to all emergencies both practice and real.

As the day time group will be made up largely of women, each Division Warden and Section Warden will immediately appoint at least one woman Deputy to assist in the selection and organizing of the Women Deputy Post Wardens and to be responsible for the emergency day time mobilization.

Women Wardens who are usually in Winchester during the day will be released from night duty and assigned to the day time group. There are now many women serving as Wardens who are in business or in a profession and can only serve at night. They may still be retained for night duty. Perhaps there are other women who would like to serve both day and night. These should be assigned to the day time group, but may be used at night in an extreme emergency. However the personnel of each Post should consist of four or more persons.

More men Deputy Post Wardens must be appointed immediately to replace the women who have been assigned to day duty and to fill present vacancies. At the same time more women will be needed to augment the present day time group. At least 500 more men and women are necessary at once if the full quota is to be reached.

These new appointees (if they have not already attended a school) should enroll in the Fourth A. R. P. School starting May 18 and ending June 2. They need not take the First Aid Course until fall if they do not wish to.

## Gas — A VITAL NEED TO AMERICAN DEFENSE

IN ARMY, NAVY and AIRCRAFT CANTONMENTS

• Long before reveille — in fact all through the night — Gas is on the alert in many camps. Gas provides comforting warmth for our armed forces. Gas supplies hot water for their every need, dependable refrigeration for their food . . . and converts that food into nourishing meals.

• Since gas is vital to our war effort, it is our duty at home to prevent its waste. This best can be done by keeping gas burners clean, properly adjusted and turned off when not actually needed. Wise conservation will help us to continue all-out gas service for offense and Victory.

### Gas Appliance Service During Wartime

Wartime restrictions on gas appliances mean that we must take good care of those we have. It is wasteful to use any gas appliance that needs adjustment or repair. Should it become necessary, your gas company's servicemen are available to adjust, overhaul or repair. Charges are reasonable.

May 4, 1942

# DIM OUT

In accordance with regulations governing the control of sea-coast lighting issued by Headquarters First Corps Area, May 2, 1942, and in conformity with information issued by the Massachusetts Committee on Public Safety, the Town of Winchester will be governed by the following rules effective at once:

1. All advertising and display signs and lights must be permanently extinguished.
2. All display lighting in shop and store windows must be reduced to the maximum extent consistent with protection from burglary.
3. All outside lights, excluding street lights, must be shielded or extinguished, and all skylights which throw direct light skyward must be diminished.
4. All street lights must be shielded from skyward as funds and materials for this work can be obtained. The wattage of unshielded street lights should be reduced where practical. All unshielded street lights which are found to be unnecessary for public safety should be extinguished.

These regulations apply to all plants not government owned or operated, whether or not those plants are engaged in war production, and compliance with these regulations will be exacted to the maximum extent compatible with the continuance of full production.

Changes in these regulations may be made from time to time as a result of inspection and experience.

Violation of the above regulations will incur the penalties prescribed by law.

## WINCHESTER MUST BE PROTECTED

\* \* \* \*

In order that the town be properly protected during a daytime air raid, the present force of wardens must be augmented at once. Although women wardens may be released from night duty, still more women are needed in all of the Sectors.

With the releasing of women wardens to day duty, many men are needed to fill the vacancies for the night group. This is very important.

The fourth A. R. P. School opens Monday, May 18 at 7.30 p. m. in the High School. The other sessions will be held on Tuesday evening, May 19, Monday, May 25, Tuesday, May 26, Monday, June 1 with the examination on June 5.

First Aid may be postponed until Fall if desired.

If you have not yet volunteered for this important service do so Monday evening at 7.30 at the Lincoln School. The usual fee of \$1.00 is payable at the opening session.

Do not leave your neighborhood unprotected.

## THE DISTINGUISHED FLYING CROSS

The Distinguished Flying Cross is awarded to any person, who, while serving in any capacity with the Army Air Corps of the United States, including the National Guard and the Organized Reserves, subsequent to April 6, 1917, has distinguished himself or shall distinguish himself by heroism or extraordinary achievement, while participating in an aerial flight.

On a bronze patee a four-bladed propeller; in the re-entrant angles, rays forming a 1-inch square. On the reverse are engraved the grade, name, and organization of the recipient. The cross is suspended by a plain straight link from a silk moire ribbon composed of alternate red, white, and blue stripes, blue predominating.

## ***To Our Patrons:***

In order to conserve tires and delivery equipment, we are compelled to limit our deliveries, commencing at once, to three trips a day with the exception of emergency medicine which will always be delivered as soon as possible. Our present plan which we are told will have to be cut still more later on, is to have

1st delivery trip leaves store about 11.00 a. m.

2nd delivery trip leaves store about 4.30 p. m.

3rd delivery trip leaves store about 9.00 p. m.

We know that under the present emergency you will be willing to anticipate your delivery needs so that they can be grouped into these three scheduled trips. If we both co-operate we can continue some delivery service for some time longer.

# Changed Delivery Schedules

By June 1st the O. D. T. (Office of Defense Transportation) expects us to make such readjustments in our delivery service as will effect a further saving of 25 per cent beyond that already made under the order of April 20th.

To meet these government requirements which have for their object the extension of the life of trucks and a saving of tires and gasoline, we are making numerous changes in our delivery schedule which will be explained by our routemen.

Realizing the importance of the present restrictions most of our customers are co-operating cheerfully in accepting these changes.

We assure all of our customers that we shall make every effort to render as satisfactory laundry service as is possible under the very necessary limitations.

## IDENTIFICATION PICTURES

The Governor of the Commonwealth has requested that all individuals engaged in any Civilian Defense Activity including emergency Red Cross work **MUST** fill out identification questionnaires and have their pictures taken by an official state photographer.

Those persons who already have had their pictures taken may obtain them at Information Center, 572 Main Street on June 1, 2, and 3 from 2 p. m. to 5 p. m. and from 7 p. m. to 9 p. m.

The official photographer will be at the Town Hall on Thursday, June 11 from 3 p. m. from 3 p. m. to 9 p. m. to take pictures of all those who have not yet had them taken.

All those who filled out their questionnaires and returned them but did not have their pictures taken the first time must do so on June 11.

Those who already have their questionnaires, but have not returned them to Information Center must do so before June 3 and then have their pictures taken June 11.

Those who have not filled out their questionnaires, must do so at Information Center on or before June 3 in order to have their pictures taken on June 11.

Only those persons whose questionnaires are at Information Center by June 3 will be allowed to have their pictures taken at this time.

The cost of the picture is 25c payable when it is taken.

**"UNCLE SAM" wants  
Your Gas Range to  
LAST!**

Your Gas Range is one of the most durable of cooking appliances — a reliable, economical servant. It will give you perfect performance for years if you exercise a little care in its use.

**Easy-to-Follow Hints for Longer Service**

**HOW TO PRESERVE THE ENAMEL**

1. After use wipe range enamel with soft dry cloth while range is warm . . . NOT HOT.
2. If further cleaning is necessary, wash with mild soap, rinse and dry.
3. Don't place wet dishes, bottles or glasses on top of the range.

**HOW TO CARE FOR TOP BURNERS**

1. Wipe burners with damp cloth after use.
2. When necessary, clean with mild soapy water, rinse and dry thoroughly.
3. If burners become clogged, clean with stiff brush. Modern range burners are non-clog.
4. Do not boil aluminum or enamel burners in soda. Cast iron burners may be boiled in a solution of one tablespoon sal soda to each three quarts of water. Wipe dry and turn upside down to drain before replacing.

**HOW TO CLEAN THE BROILER**

1. Remove broiler pan and grill after food has been served.
2. Allow to cool before washing.
3. Wash broiler compartment with soap and warm water.
4. If broiler is beneath oven, remove empty broiler pan when oven is in use.

**HOW TO CLEAN OVEN**

1. If boil-overs occur, allow oven to cool and then remove char with a good cleaner or fine steel wool.
2. Wash sides, bottom, door and racks of oven occasionally with warm water and soap.
3. Do not place oven bottom into water if it is insulated.
4. Low temperature roasting of meat reduces spattering of grease . . . minimizes oven cleaning.

# ***Really NEED a New Car?***

## ***Liberalized rules may let you get one***

**I**F your work is connected directly or indirectly with the prosecution of the war, you may be eligible to buy a new car—*right now*.

Under newly liberalized rationing rules it is easier than most people think to replace cars now in use with brand-new, long-lived, gas-thrifty 1942 Buicks.

Maybe you can wash out worries about tire-life by starting afresh with a complete new set—tires that will last longer, if they're on a Buick, because new Broadrim wheels both ease the ride and lengthen tire-life.

Remember, the 1942 models your Buick dealer now has ready for immediate delivery were built to serve you through the duration and beyond.

They are wartime tough, durable beauties built to last, built to go a long, long way with a minimum of upkeep.

So if you're eligible, you may be *money ahead* getting a new Buick now rather than trying to make an old car "do."

Why not drop in, talk it over and see if the new liberalized rules do not entitle you to a new automobile now?

### **Who is Eligible to Buy a New Car?**

There are seven major classifications for persons eligible to buy new cars under basic rationing rules.

These include persons engaged in the production of war materials or in the prosecution of the war, directly or indirectly, physicians, nurses, clergymen, veterinarians; car-owners engaged in public service, such as fire departments, public health, highway maintenance etc.; owners of taxicabs and other means of transportation; farmers; newspaper wholesalers; and travelling salesmen in certain fields.

Your Buick dealer will be very glad to help you determine whether you come under the rules of eligibility. He also will be glad to help you fill the proper applications.

Don't guess about your eligibility—see your Buick dealer now and make sure.

***If you're eligible for a new car—  
Better Buy Buick!***

# YOU can help

SAVE  
strategic  
WAR MATERIALS

by taking good  
care of your  
telephone

## *Safeguard your telephone*

Keep it where it won't be  
knocked over or struck.  
It contains over 200 parts  
—some easily broken and  
made from materials now  
hard to get.

## *Keep telephone cord unkinked and dry*

It contains fine copper  
wires. Kinking may break  
them. Remember: copper  
is scarce. Protect it from  
water and short circuits.

Care also saves repair calls  
— AND TIRES. Calls for  
repairs often mean tire  
wear. This company, like  
every other truck user, is  
obliged to conserve tires.  
Your carefulness can help  
save them.

# GET IN THE SCRAP RUBBER

There are four ways to get your scrap rubber to the Filling Stations:

1. Bring it in your own car when down town.
2. Call any Filling Station listed below.
3. Give it to any local delivery truck when it is delivering your order.
4. It is planned to have a house-to-house canvas the middle of next week. The Boy or Girl Scouts will ring your doorbell. Please have it ready.

---

This is a chance to help the war effort that everybody can participate in.

---

Search the house from top to bottom for all old rubber—no matter how small.

---

The following Winchester Firms are co-operating in the drive:

Shaw's Filling Station  
Rice's Tydol Station

## **FAT SALVAGE DRIVE**

Mrs. W. E. Underwood of Lawson road has been named Chairman of the Fats Salvage Drive by the Winchester Defense Council. The meat markets in Winchester are already equipped to handle the fats turned in by housewives. They will pay 4c a pound for all fats. The fats will be used for making glycerine, an important element in explosives.

These rules should be kept in mind:

1. Strain fats before rendering.
2. Pack in a tin container.
3. Do not mix water with fats and keep fats cool to avoid turning rancid.

# L-50

L-50 is the number of a new War Production Order that means conservation of telephone materials. It means that copper, aluminum, rubber, steel and other materials necessary to telephone service, are being sent abroad. They won't be welcome because they'll arrive as warships, planes, shells, tanks and bombs.

## WHAT DOES L-50 MEAN TO TELEPHONE USERS?

This order will probably affect you in several ways. . . . They may be inconvenient or irritating, but we won't ask you to do anything unnecessary or that won't help make life miserable for the unpleasant group pictured above.

## HOW YOUR TELEPHONE SERVICE MAY BE AFFECTED

We ask everyone to make social conversations as brief as possible, to help conserve service and perhaps to prevent stricter limitations.

We may have to ask private line users to share party lines with neighbors for the duration.

We may not even be able to install a telephone for you, particularly if you're near camps or naval bases or war industries. But this may happen anywhere.

So, if any of these things happen to you, remember you're helping give L-50 to Hitler, Hirohito and Benito.

## **SALVAGE WARDENS**

The Salvage Committee of the State Women's Division in co-operation with the War Production Board has requested the Chairman of our Women's Committee to set up an organization of Salvage Wardens. The function of this organization will be to explain to all households in the Town the necessity of salvage for war production and to instruct them in the proper methods of preparing this salvage for collection.

The exact program of instruction will be determined by the Chairman of the Salvage Committee, Otis W. Leary, and the Chairman of the Women's Committee, Mrs. F. B. Craven.

Mrs. Craven has appointed Mrs. Henry K. Spencer, a member of her committee, to serve as Executive Secretary of the Salvage Wardens organization which will be composed entirely of women.

The work of this group will be one of the most important of our Civilian Defense activities and will continue for the duration of the war.

## **IDENTIFICATION PICTURES**

Pictures taken July 29 are now available at Civilian Defense Headquarters, 572 Main Street. Office hours 2-5 except Saturday and Sunday.

# Official U. S. Treasury War Bond Quotas for August

Washington, D. C., August 5.—While maintaining a tentative annual level of twelve billion dollars as its goal, the Treasury Department today fixed the August quota for the sale of War Bonds at \$815,000,000 as shown by the accompanying map by states.

In lowering the quota from a billion dollars in July to \$815,000,000 in August, the Treasury has given recognition to certain factors which may be expected to result in variations in sales over the 12-month period, such as the seasonal character of farm income.

These factors have been taken into account in determining each state's share for the national quota for August and will be given consideration in fixing quotas for subsequent months.

In addition to the state quotas as set out in the map there is a federal payroll allotment quota of \$9,750,000 and territorial quotas as follows: Alaska, \$760,000; Canal Zone, \$213,000; Hawaii, \$4,800,000; Puerto Rico, \$440,000 and the Virgin Islands, \$17,000.

*What You Buy With*  
**WAR BONDS**  
★

Hitler found out that his high powered mechanized and motorized army bogged down in the snow and mud of the Russian Winter. Although our Army is largely mechanized the cavalry horse is still a highly essential factor in this mounted division and in the Field Artillery. The Army also maintains remount farms where many cavalry horses are bred and raised.

These select horses cost from \$100 to \$165 and our crack cavalrymen are expert riders and carry on the traditions which have followed the cavalry from the earliest days of the Army. Purchase of War Savings Bonds will insure good mounts for the Cavalry. You and your neighbors buying War Bonds and Stamps regularly every pay day can help buy these horses for the U. S. Cavalry. Invest at least 10 percent of your income in War Bonds.

*U. S. Treasury Department*

"What's it good for?"  
"Guns, tanks, and maybe  
part of a plane"

# JUNK needed for War

*In the attics and cellars of homes, in garages, tool sheds, and on farms, is a lot of Junk which is doing no good where it is, but which is needed at once to help smash the Japs and Nazis.*

Scrap iron and steel, for example. Old radiators, lengths of pipe, refrigerators, garbage pails, broken garden tools...

It may be rusty, old "scrap" to you, but it is actually refined steel, with most impurities removed—and can be quickly melted with new metal in the form of pig iron to produce highest quality steel for our war machines.

Even in peacetime our Nation relied on scrap to provide about 50% of the raw material for steel. Now production of steel has gone up, up, UP, until today America is turning out as much steel as all the rest of the world combined.

But unless at least 5,000,000 additional tons of scrap steel is uncovered

promptly, the full rate of production cannot be attained or increased; the necessary tanks, guns, and ships cannot be produced.

The rubber situation is also critical. In spite of the recent rubber drive, there is a continuing need for large quantities of scrap rubber. Also for other waste materials and metals like brass, copper, zinc, lead, and tin.

America needs your active assistance in rounding up these materials. The Junk which you collect is bought by industry from scrap dealers at established, government-controlled prices.

**Will you help?**

**First**—collect all your waste material and pile it up.

**Then**—sell it to a Junk dealer, give it to a charity, take it yourself to the nearest collection point, or get in touch with your Local Salvage Committee.

If you live on a farm, consult your County War Board or your farm implement dealer.

**Throw YOUR scrap into the fight!**

## JUNK MAKES FIGHTING WEAPONS

One old radiator will provide scrap steel needed for seventeen .30 caliber rifles.

One old screw driver will help make six bullet shells.

One useless old tire will provide as much rubber as is used in 12 gas masks.

One old shovel will help make 4 hand grenades.

## MATERIALS NEEDED

Scrap iron and steel.  
Other metals of all kinds.  
Old rubber.  
Rags, Manila rope, burlap bags.  
Waste Cooking Fats—Strain into a large tin can and when you get a pound or more, sell to your meat dealer.  
**NEEDED ONLY IN CERTAIN LOCALITIES:**  
Waste paper and tin cans, as announced locally.  
**NOT NEEDED** at this time: Razor blades—glass.

## **JUNK RALLY — OCTOBER 3**

The War Production Board has asked each community in the country to set aside one special day when citizens may contribute their old scrap metal to the war effort.

The Winchester Salvage Committee is co-operating in this effort and has designated Saturday, Oct. 3, as the local scrap collection day.

Persons having material too heavy to be handled by them, are requested to call Civilian Defense Headquarters, Win. 0207, stating just what the material is and the approximate weight. Plans are being made to have local trucks collect this heavy scrap on Friday and Saturday, Oct. 2 and 3.

No pieces are too small to be saved, so start now getting together everything in the cellar and attic to bring to Manchester Field on Oct. 3.

Don't forget the regular monthly tin can collection Sept. 23 on the West Side and Sept. 24 on the East Side.

## **A. R. P. SCHOOL OPENS SEPT. 28**

The fifth A. R. P. School will open Monday, Sept. 28, at 8 p. m., in the High School Auditorium. This five weeks course will cover the latest developments in protection technique with the State furnishing most of the instructors.

All men and women who are serving as Air Raid Wardens but who have not yet taken their A. R. P. course should register immediately for this school at Defense Headquarters, 572 Main Street, Win. 0207. The office is now open everyday (except Sunday) from 2 to 5 p. m. and Monday evenings from 7:30 to 9.

Registration must be made prior to Sept. 20. 32K

## **VERY SPECIAL NOTICE**

Because of the Election next week the Town Hall will be in use on Tuesday and Wednesday. On those two days the Surgical Dressing Classes will meet in the General Committee room, resuming their meetings in the Town Hall on Thursday.

The local Red Cross Chapter has assumed a very large quota of surgical dressings for the Army and Navy, believing that the townspeople would support this as they have every worthwhile undertaking.

For some reason the response has not been nearly so great as was expected, and unless very many more workers respond to this appeal the Red Cross simply cannot complete its quota.

Winchester has always gone "over the top" on every philanthropic project. Let's put this over in the usual style, and do it now.

The need of the Army and Navy for these dressings and the need of workers to make them cannot be over emphasized.

If you have never done any of this work will you not go for one day and actually see what it means.

Our men and boys are giving their lives to keep death and destruction from your homes. Will you give some of your time to help them?

**The following amounts of United States Defense Bonds were sold during the week ending Sept. 5. The figures are as reported by all banks and the postoffice:**

<b>TOTAL DEFENSE BONDS</b>	<b>.....\$9,025.00</b>
<b>DEFENSE STAMPS</b>	<b>..... 1,050.00</b>

# **ARMY and NAVY RESTRICT**

**their use of Long Distance**

## **TELEPHONE SERVICE**

### **CAN WE CIVILIANS DO LESS?**

Our Army and Navy have issued instructions to their personnel to restrict use of long distance lines. The order gives specific directions to . . .

- ★ Check use of long distance. Determine if the call is absolutely necessary.
- ★ Confine long distance calls to subject at hand. . . . Plan the conversation in advance for brevity.
- ★ Remain near telephone on calls not completed immediately. . . . Much long distance time is wasted while calling party is being located.

The availability of long distance telephone lines is a military necessity. We civilians can help reduce the congestion on long distance lines. We cannot do less than the Army and Navy are doing. Think before you telephone.

**NEW ENGLAND TELEPHONE & TELEGRAPH CO.**

# Bomb 'em with JUNK

Let's blast Japan—and Germany—and Italy—with the chain lightning of destruction that can be built from the scrap in our cellars, attics and garages, on our farms and in our places of business.

**Scrap iron and steel, other metals, rubber and waste materials.** It will all be used to make tanks, ships, planes and the fighting weapons our boys must have. It is needed at once.

Sell it to a Junk dealer—give it to a charity or collection agency—take it yourself to the nearest collection point—or consult the Local Salvage Committee... If you live on a farm, and have found no means of disposing of your Junk, get in touch with the County War Board or your farm implement dealer.

**Throw YOUR scrap into the fight!**

This message approved by Conservation Division  
**WAR PRODUCTION BOARD**

This advertisement paid for by the American Salvage Committee (expressing and with funds provided by groups of leading industrial concerns)

## JUNK NEEDED FOR WAR Scrap Iron and Steel

Needed for all machines and arms of war. Fifty per cent of every tank, ship and gun is made of scrap iron and steel.

## Other Metals—Rubber—Rags— Manila Rope—Burlap Bags

Needed for making bombs, fuses, binoculars; planes; tires for jeeps; gas masks; barrage balloons; wiping rags for guns; parachute flares; insulation for electric wiring.

**WASTE COOKING FATS**—Strain into a large tin can and when you get a pound or more, sell to your meat dealer.  
**NEEDED ONLY IN CERTAIN LOCALITIES**—Waste paper and tin cans—wanted only as announced locally.  
**NOT NEEDED** (at this time)—Razor blades—glass.

CIVILIAN DEFENSE HEADQUARTERS 572 MAIN STREET—TEL. 0207

### **A. R. P. COURSE STARTS SEPT. 28**

All persons now serving as Air Raid Wardens who have not taken their A. R. P. course should register **AT ONCE** for classes starting Monday evening, Sept. 28 at 8 o'clock in the High School Auditorium.

Registrations must be received at Defense Headquarters, 572 Main street, Win. 0207 before the course starts. The office is open week days from 2 to 5 p. m. and Monday evenings 7:30 to 9 p. m. There will be no other official course given until spring.

### **FIRST AID COURSE FOR WARDENS**

A special ten hour first aid course will be given for Wardens who have not yet completed this requirement for their official rating.

Classes for women will be held Monday afternoons starting Sept. 28 and will continue on Oct. 5, Oct. 12, Oct. 19 and Oct. 26. Men's classes will be held on Friday evenings Sept. 25, Oct. 2, Oct. 9, Oct. 16 and Oct. 23.

All classes will be in the Recreation Center on Mt. Vernon Street. Instruction will be given by Charles Harrold and each class will be limited to 50. Other classes may be started later.

As this course is not a Red Cross standard course no certificate will be given but full credit for completion of the warden's requirements will be granted.

### **JUNK RALLY OCTOBER 3**

Several Civilian Defense Units as well as the St. Mary's Band will participate in the Junk Rally to be held on Manchester Field, Oct. 3 at 2:30 p. m.

Salvage Wardens are out now explaining to the householders on their Posts just what to do with their old metal scrap. Start saving yours now. For further information call Win. 0207.

### **TIN CAN COLLECTION**

Remember that tin cans will be collected next week Wednesday, Sept. 23 on the West Side and Thursday, Sept. 24 on the East Side. Have yours out the night before.

### **WEST SIDE MEDICAL UNIT MEETING**

The entire personnel of the West Side Medical Unit is requested to attend a meeting on Sunday afternoon, Sept. 20 at 2:30 in the Crawford Memorial Methodist Church where the Depot is now located. The Dix street entrance should be used.

## AN EXPLANATION

The Newton Warning District held a surprise air raid alert early Wednesday morning. Winchester is not in that district and therefor no audible signals were sounded in the town. The alarms which were heard in Winchester came from Arlington, Belmont or Lexington.

We regret that our citizens were unduly aroused, but we wish to compliment the members of the Defense units who, believing it to be a Winchester alert, went promptly to their posts.

Harold S. Fuller, Defense Director

### **AND ITS EFFECT ON YOUR INSURANCE AGENT**

#### **and His BUSINESS (NOT) AS USUAL**

Yes! The war, in its present phase, has not only affected your purchases of meat, coffee, gasoline and fuel oil, but it has affected your insurance agent in no uncertain manner. The desire of all of us to conserve in the use of automobiles has, and may to a greater extent, affect the lives of all of us. The fact is, I, and maybe you too, will have to conduct business somewhat differently than in the past, and yet I hope equally satisfactorily. The probable shortage of fuel oil with which to heat my former office has forced moving to an office in the rear of 33 THOMPSON STREET, WINCHESTER where, of course, I'll be glad to have you call.

**FOR YOUR PROTECTION.** Nothing will interfere with your being furnished with any form of insurance protection you may desire and as promptly as possible. You may be sure of that, and of the fact that I'll be all the more anxious to serve you.

## **FUEL OIL**

Fuel Oil rationing will start in six Winchester schools in the very near future. The dates (tentative) are Oct. 28, 29, 30. Eighteen volunteers outside the school teachers are needed to serve as Deputy Rationing Boards in groups of three. The work will be of a mathematical nature in figuring the amount of oil required to heat the different areas on the basis of cubic foot capacity.

Volunteers should contact the Rationing Board, 7 Common Street, Winchester 1107 immediately.

★ *What You Buy With*  
**WAR BONDS** ★

Essential in the equipment of every Soldier, Sailor, Marine or Flyer is a first aid kit, consisting of bandages and antiseptics for instantaneous use. These materials are packed into a compact box and cost about \$1.50 each.

We need millions of these first aid kits for emergency treatment. They are also used by Red Cross workers, in field hospitals and wherever needed until hospital treatment may be obtained. Even a child could buy one or more of these kits through purchase of War Stamps. Buy War Bonds and Stamps every pay day and invest at least ten percent of your income in these government securities.

*U. S. Treasury Department*

### ***SCRAP METAL BINS***

Scrap metal bins are now located at the following places: Shaw's Gas Station, corner Forest and Washington Streets; Tidol Gas Station on Main Street; Fire Station, Mt. Vernon Street; Wedgemere Station; and Cambridge Street, corner of High Street. Householders having small pieces should carry them to one of these bins, if too heavy, call Defense Center, Win. 0207 and a truck will make the collection. Scrap metal is needed now, continue the hunt. Don't forget that fats are also essential in the war effort, take them to your market.

### ***IDENTIFICATION PICTURES***

Wednesday, Oct. 28 from 5 to 9 p. m. in the Town Hall. Personal History blanks must be filled out at the Defense Center, 572 Main Street, prior to that time.

### ***ARM BANDS***

Members of the Defense Corps who have not yet received their arm bands should notify Defense Headquarters at once.

### **WAR SERVICES DIVISION**

By order of the Executive Director of the Massachusetts Committee on Public Safety, the name of the "Women's Division" is to be changed to "War Services Division."

No change will be made in the present personnel of this Division except as may hereafter be determined. Mrs. Robert Homans, the Director of the State Women's Division will be the Director of the State War Services Division and Mrs. Frederick B. Craven will serve as Director of the Winchester War Services Division.

This Division will continue to carry on all of the activities now under the direction of the Women's Division and will be responsible also for the conducting of such other activities as may properly be considered as belonging within the War Service category.

This change becomes effective at once.

### **AIR RAID WARDEN'S FIRST AID**

The second series of the ten hour A. R. P. first aid course for Air Raid Wardens will start Nov. 2 and Nov. 4 in the Recreation Center.

Afternoon classes will be held Mondays Nov. 2, 9, 16, 23, and 30 at 2 o'clock.

Evening classes will be held Wednesdays Nov. 4, 18, 25, and Dec. 2 and 9 at 7:30 p. m.

Air Raid Wardens who have not yet completed their First Aid requirement should register now for one of these classes at Defense Center, 572 Main Street, Win. 0207 weekdays from 2 to 5 p. m.

### **ENTERTAINMENT OF SERVICE MEN**

The Defense Center is now serving as a clearing house for the College Club committee sponsoring the entertainment of service men in the homes of Winchester families. Those desiring to entertain such boys may call the Center, Win. 0207 weekdays from 2 to 5 p. m.

### **AUXILIARY FIREMEN**

At a meeting of the Auxiliary Firemen held Oct. 26, John J. Gorman was elected Chief, and Clarence W. Russell and T. Parker Clarke were elected Deputies. Due to the enlistments in the armed forces there are now a few vacancies in this group. Those wishing to join should contact one of the officers or register at Defense Center 572 Main Street at once.

### **COURIERS**

A training course for Couriers will start Nov. 2 at 7 p. m. in the Lincoln School. Boys 12 years of age or older may take this course, but only those 15 years old may be used out of doors during a raid. The younger boys will be Junior Couriers and may serve out doors before and after a raid and inside during one.

Harold S. Fuller, Defense Director

### **OFFICE HOURS**

Until further notice the Defense Center, 572 Main Street will not be open Saturdays or Sundays. It will be open Monday, Tuesday, Wednesday, Thursday and Friday afternoon from 2 until 5 p. m.

### **TELEPHONE OPERATORS**

Women over 18 years of age are needed to serve as telephone operators in the Report Center during an emergency. No experience is necessary. Please register at the Defense Center, 572 Main street.

### **FIRST AID WORKERS**

More first aid workers are badly needed for assignment in the Medical Depots. Men and women who would like to volunteer for this service should register now at the Defense Center.

### **SCRAP METAL**

Scrap metal is needed now and will be needed by the government for the duration of the War. Please continue your search and notify the Defense Center of articles too heavy to handle alone. Collections will be resumed next week.

### **ENTERTAINMENT OF SERVICE MEN**

Citizens who desire to entertain Service Men on Sundays should advise the Defense Center Win. 0207 not later than Thursday of each week.

### **A. R. P. MAKE-UP EXAM**

All Air Raid Wardens who have not taken their school examination should do so at the Public Library sometime between Nov. 7 and 14. Apply at the desk there for a copy of the exam.

### **IDENTIFICATION PICTURES**

The last opportunity for members of the Defense Organization to have their Identification pictures taken will be on Sunday, Nov. 22 from 3 to 5 p. m. in the Town Hall. Personal history blanks must be filled out at the Defense Center prior to that day. The State demands that every member of Civilian Defense have an Identification Card in order to be able to move about in an emergency and everyone should comply with this request.

### **DIVISION AND SECTOR WARDENS**

There will be an important meeting of all Division and Sector Wardens and their respective Deputies, both men and women in the Recreation Center, Mt. Vernon Street, Monday evening, Nov. 16, at 7:45 p. m.

### **CHIEF OF FIRST AID UNIT**

Dr. Ralph A. Manning has been appointed chief of the First Aid Unit of the Medical Division under Dr. Richard W. Sheehy. This appointment is made to fill the vacancy caused by the resignation of Dr. Angelo L. Maietta, who is now in the armed forces.

### **FAT SALVAGE**

Be sure to save every bit of fat and when you have a pound take it to your market. It is necessary for the manufacture of ammunition.

The following amounts of United States War Bonds were sold during the week ending Nov. 6. The figures are as reported by all banks and the postoffice:

TOTAL WAR BONDS .....	\$12,025.00
-----------------------	-------------

WAR STAMPS .....	990.00
------------------	--------

## VOLUNTEERS

The Fuel Oil Committee of the Winchester War Price and Rationing Board is calling for Volunteers (men and women) to assist in the preparation of issuance on Saturday and Sunday of this week. Members of the Fuel Oil Committee will be at the General Committee Room, Town Hall, any time after 9 o'clock Saturday and Sunday morning.

The following amounts of United States War Bonds were sold during the week ending Nov. 13. The figures are as reported by all banks and the postoffice:

TOTAL WAR BONDS .....	\$6,800.00
WAR STAMPS .....	1,438.00

11-20-42

### **LAST CALL FOR IDENTIFICATION PICTURES**

Sunday afternoon, Nov 22 from 3 to 5 p. m. in the Town Hall will be the last opportunity for members of the Civilian Defense organization to have their pictures taken. Personal history blanks of these pictures must be filled in prior to that day at Defense Headquarters, 572 Main Street. The office will be open Saturday afternoon from 2 to 5 p. m. for this purpose.

### **REFRESHER COURSE FOR WARDENS**

All Air Raid Wardens are urged to attend a two night course to be held in the high school auditorium, Nov. 30 and Dec. 1 at 7:45 p. m. This course will include new methods used in general protection, gas and fire fighting and will also cover the subject of vacuation. Wardens who have just graduated from the last Defense School need not attend. All others are expected to.

### **NO PRACTICE AIR RAID ON SUNDAY**

The CPX Army manoeuvres to be held Sunday, Nov. 22 do not require any action by the Winchester Civilian Defense Units. There will be no alert for practice purposes here.

## **DIM OUT REGULATIONS**

New dim out regulations go into effect on Monday, Nov. 30. These regulations as they apply to Winchester are published elsewhere in this paper and should be carefully studied. Copies of the regulations will be distributed to every householder in town and explained by the air raid wardens. Penalties are provided for violations.

## **WARDENS REPEATER COURSE**

All Air Raid Wardens are requested to attend the Refresher Course to be held in the High School Auditorium Monday and Tuesday evenings, Nov. 30 and Dec. 1 at 7.45. New instructions and protective methods will be discussed by authorities.

## **LOCAL STATE GUARD UNIT**

Men between the ages of 18 and 55 interested in joining a local unit of the State Guard may register in person, by mail, or by telephone at Defense Headquarters, 572 Main Street, Win. 0207. In registering please give name, age, address, telephone number and place of birth.

## **IDENTIFICATION PICTURES**

The Identification Pictures taken in October are now available at Defense Headquarters and should be called for at once.

**WAR BONDS** ★

Tractors and motors will never wholly replace the Army Mule as a factor in the mobile units of our army. The Army Mule is a tradition and the "mule skinner" is a breed unto himself. Army Mules are used by the Field Artillery and the Cavalry in areas where the terrain is rough and tractors cannot operate.

Pack trains in mountainous sectors are often necessary and here the mule, slow but sure-footed, plays an important role. Our Army buys thousands of mules paying from \$175 to \$190 for each. The mule eats less, carries more, and some declare is smarter than the horse. Your purchase of War Bonds and Stamps helps pay for these Army Mules. Invest at least ten percent of your income in War Bonds every pay day.

*U. S. Treasury Department*

★  
*What You Buy With*  
**WAR BONDS**  
★

The 155-millimeter gun is the modern version of the old "GPF" of World War I days. It has a range fifty percent greater than the old gun, heaving a 95-pound projectile approximately 15 miles. It is capable of high road speed and each one costs \$50,000.

Arsenals of America are working at terrific speed turning out this long range, effective weapon for our armed forces. You and your neighbor working hand-in-hand in unity can make possible the purchase of an adequate number of these guns by buying War Bonds. Put 10 percent of your income in War Bonds to help reach your county quota, every pay day.

12-4-42

## POINTING THE WAY TO VICTORY

Our country is engaged in a war which necessitates the speedy and accurate moving of men, equipment and materials over great distances. Aeroplanes and ships are important factors in accomplishing this gigantic problem, and vast quantities of instruments are needed for their guidance under changing temperatures and varying altitudes. These instruments require accurate and balanced pointers to insure correct calibration and reading. Supplying these highly delicate pointers is a part of our war effort.

Since 1868 we have specialized in the manufacture of watch and clock hands. Today our production has been converted to the manufacture of all types of instrument pointers, and many other parts for our war industries.

We are most grateful that our efforts have resulted in our receiving the Army-Navy "E" Production Award for high achievement.

We pledge to continue to supply our Government with high precision products that "point the way to victory."

J. H. Winn's Sons

The official presentation of the award will be made at the Winchester Town Hall, Friday, Dec. 11, at 8 P. M. Friends and neighbors of the Company are invited to attend.

## 1 Year of War in the Automobile Business

### OUR PART IN THE WAR EFFORT

AUTOMOTIVE TRANSPORTATION is absolutely essential to the winning of the war.

GOODS must reach their destination and WORKERS must get to their jobs on time.

SERVICE MEN, in maintaining and conserving both vehicles and tires, are performing a most important function in the Nation's war effort.

Joseph S. Eastman,  
Director

OFFICE OF DEFENSE TRANSPORTATION

Our loss of personnel has been very serious, ten men to the Armed Forces and men to the War Production Industries.

If there is no mechanic to make your car operate, it doesn't make any difference how much gas you have or how good your tires are.

Service replacement parts are increasingly difficult to get, but we are assured by our factory that parts will be available, so no car need go off the road because of a functional part.

If you are eligible for a new car we have FORD, MERCURY and LINCOLN cars in stock.

We have a number of good used cars which will give you economical transportation.

We have been in business in Winchester for 17 years and we are going to see this thing through.

Winter flying jackets for both the Army and Navy Air Corps are regular equipment for our aviators. They cost from \$12 to \$18 and are made of horsehide leather lined with sheep shearling.

Purchase of one \$18.75 War Bond, for which you receive \$25 in 10 years, will pay for one of these jackets so necessary for our airmen flying at high altitudes and in northern climes. So you and your neighbors can do your bit by investing at least 10 percent of your salary every pay day in War Bonds to help pay the cost of this equipment for intrepid American flyers. Join the parade, and help top the War Bond Quota in your county. *U. S. Treasury Department*

12-18-42

The following amounts of United States War Bonds were sold during the week ending Dec. 19. The figures are as reported by all banks and the postoffice:

TOTAL WAR BONDS .....	\$14,950.00
-----------------------	-------------

WAR STAMPS .....	3,724.00
------------------	----------

12-25-42

**WAR BONDS** ★

When the American Expeditionary Force landed in Ireland recently newspapers reported the citizenry remarked at the similarity of the steel helmets worn by our boys with those worn by German troops. These steel hats are protection from shrapnel fragments and other light missiles. We need thousands of them for they are a regular issue to every American soldier.

A smart strap fastens under the chin and they are padded for comfort. One steel helmet costs \$5 so every time you fill a \$5 stamp book you are buying protection for an American soldier. Invest at least ten percent of your income in War Bonds every pay day. Help your community reach its War Bond Quota.

The power of the greatest Navy in the world, our own two-ocean fleet, rests in large measure on its backbone—the Battleships of the Line. They displace approximately 35,000 tons and cost up to \$70,000,000. We have something like a score of these huge ships in the Atlantic and Pacific.

Eight huge battleships are under construction and more are contemplated. To finance these modern goliaths of the sea it is necessary for every American everywhere to buy more and more War Bonds. We can do it if everybody does his share. Invest at least ten percent of your income every pay day to help your country go over its Bond Quota.

# HOW TO CONSERVE GAS

*and help build a Bomber*

## HOW TO CONSERVE GAS

- 1 Adjust burners so cooking flame is blue. Cook vegetables in small amounts of water. Roast at low temperatures.
- 2 Heat no more water than necessary.
- 3 Repair leaky faucets to save water and gas.
- 4 Keep room temperatures at about 65°.
- 5 Avoid heating your kitchen with your gas range oven or top burners. This is especially important on cold days.

**ARLINGTON GAS LIGHT CO.**  
522 Main St., Winchester Tel. Win. 0142

War plants need gas — lots of it — to help build planes, ships, guns, shells, tanks and other war essentials. Demands for gas are skyrocketing. Normally we could obtain additional steel and other materials to enlarge our gas supply and meet all needs. Today, this cannot be done.

To help keep war production lines rolling, use gas conservatively and avoid waste. Please avoid heating your kitchen with your gas range oven or top burners, especially on cold days. That's when demands for gas will be heaviest.

The giant four-motored Navy Patrol Bombers are the world's most powerful planes. They cost approximately \$700 000 each. The Navy also has a lighter Bomber called the Scout Bomber which costs about \$143,000 apiece.

The battle for Britain was almost lost because England had none of these giant four-motored planes with which to fight back. We need thousands of them and they are coming off the assembly lines in our production plants at a high rate of speed today. You can help buy these for your Navy by purchasing War Bonds and Stamps every pay day. Put at least ten percent into Bonds or Stamps and help your county go over its Quota.

### **MEAT DISPLAY**

As part of its educational program, the War Services Division is urging all housewives to inspect the unrestricted cuts of beef and pork which Richardson's Market will have on display next Tuesday, Jan. 12 all day and Wednesday morning, Jan. 13. For further information see article elsewhere in this paper.

### **EVENING CLASS FOR NURSE'S AIDES**

An evening class for Nurses' Aide training will start Monday, Feb. 1 at 7 p. m. at the Winchester Hospital. The training period is nine weeks. For further information and registration call Red Cross, Win. 2563 or Civilian Defense 2-5 p. m. Win. 0207 or Mrs. Howard Morrison, co-chairman of Nurses' Aide Committee, Win. 0974.

### **SOCIAL SERVICE COURSE**

Register now at Civilian Defense Headquarters for the Social Service Class starting Jan. 20 at 7.30 p. m. in the Unitarian Church.

### **PLEASE RESTRAIN DOGS**

Several Air Raid Wardens have reported that they have been handicapped in carrying out their dim out duties at night because of dogs. We respectfully request that if possible, dogs be kept inside after dark or at least restrained from attacking Wardens when on duty.

### **KERR—McCREERY**

Morris B. Kerr has resigned as Chief Air Raid Warden of Division 5 in order that he may devote more time to his duties as Director of the West Medical Depot.

Maxwell McCreery of 41 Curtis street has been appointed his successor.

Save now to buy later, after the War. That's good common sense because if you spend now, you help to drive prices up for everything you buy. Durable goods are scarce so invest in **War Bonds** today and do that house remodeling when Victory is won.

If you have not done so, join a **Payroll Savings Plan** at your office or factory. If you are not investing at least **ten percent** in **War Bonds**, increase your regular deductions on your Payroll Savings Plan. Let's "**Top that ten percent.**"

**American flyers** with the RAF are raining demolition bombs on Nazi cities today. These instruments of destruction so important in razing Nazi war plants, interrupting railroad transportation, and other war objectives, range now unto several tons.

The 500-pound demolition Bomb is one of the lighter ones. Bands are attached to facilitate handling and the fins are not attached until the Bomb reaches the airfield, because bending would injure accuracy. **They cost up to \$500.** Your purchase of **War Bonds** through the Payroll Savings Plan will help provide Bombs for our airmen. Let's **"Top that Ten Percent."**
