The Chula Vista Animal Care Facility is located at 130 Beyer Way in Chula Vista. The shelter houses animals from Chula Vista, Lemon Grove and National City. The Animal Control Services include the jurisdiction of Chula Vista and Lemon Grove for stray and nuisance animal pick-up, acceptance of lost and relinquished animals, assistance for injured and sick stray animals, quarantine control, vicious or threatening animals, barking dog complaints, animal cruelty, fighting animals, lost and found assistance and dog licensing.

The Chula Vista Animal Care Facility is one of the few shelters in San Diego County that offer no cost and low spay neutering to the public.

But of course they also have many wonderful animals that need homes. And not just cats and dogs. If it is domesticated there is chance they may come through their doors.

Linda Septon is the Adoption Counselor at the Chula Vista Animal Care Facility since 2006. Besides managing offsite adoption centers and events she works with private shelters and rescue organizations in the placement of homeless animals. Her other duties include volunteer coordination and training, social and public media that includes weekly video podcasts, and featured pets on T.V. and radio. And as the job descriptions says "other duties as assigned".

Linda was with the San Diego Humane Society for a brief period but really got into the animal sheltering field when she started with the San Diego County Animal Services in September of 1995 during that time she used her Veterinary Assistant certificate and worked part time in the private veterinary field.

Unbelievable to some her degree in merchandise Marketing from the Fashion Institute of Design and Merchandising has come in very handy in finding placement for thousands of animals.

Her goal is to make the Chula Vista Animal Care Facility **The** place to go when people are ready to add a furry member to their family.

This was the annual Past President's Day Meeting. The primary speaker was Dan Mason, who served 1999-2000. He presented a thoughtful and thorough review of the highlights of his year, His convention was in Singapore and his Rotary family visit was in Malaysia. He took with him his wife and daughters and they had a great time. Dan reminded us that up until his time, the officers all sat at the head table. He asked one officer each week to sit in the audience. Not long after that the head table was eliminated. He reminded us of Jerry Salsbury, who had perfect attendance into his one-hundredth year even though he was a menace as a driver in his old Cadillac. He talked about Paul Veenstra working hard to get a "Rotary Meets Here" sign at Bob's at the Bay and then we moved the meeting place. He reminded us also that it isn't what you do that is remembered but it is the relationships and memories of fellow Rotarians that stand the test of time.

After Dan, several past presidents shared memories of their times including a very funny story from Bud Wilson that he will have to tell you. During this sharing time, Bil Padelford expressed his heartfelt thanks for the awards he received last week.

## News at Noon

Eastlake Self Storage is a business with a family tradition that has been passed on to Mauricio Lutteroth. The center has been out there since way back in 1988 when the area was mostly cow pastures. It has not only grown up in size, but in storage center sophistication on site and on line. They offer boat and RV storage, packing materials and various ways to store your stuff as well as being a U-Haul dealer. What you may not know is that they are facing great competition in Eastlake with two new major projects on the drawing board, but Mauricio knows and is planning for them. Eastlake has great on line connectivity and their website displays the Rotary emblem. Ask Mauricio about his place.

Betty Waznis is having hip surgery February 5. Please give her your best thoughts of encouragement and hope.

Nick Gistaro, never at a loss for words, regaled the club on the benefits of living in cold, cold, cold Montana among wildlife that would populate a zoo. He and his wife are into land conservation and rehabilitation of wild life big time. He says the conflict between ranchers and wolf preservationists is fierce.

Now that's a proud grandpa. His 4th grandchild was just born and she is really cute!

Lisa is always promoting something. This time it's that Rotary at Work Day will be at the Native Pollinator Garden at the Living Coast Discovery Center on April 27.

The Community Service Committee project for February is the Chula Vista Animal Care Facility. Below are the donations requested along with cash and checks. See David Hoffman and Lisa Johnson
