The weekly newsletter of the Rotary Club of Chula Vista

Chartered February 16, 1926 - Club Number 908 - District 5340
Rotary Club of Chula Vista meets Fridays at 12:10 p.m.
Chula Vista Golf Course Banquet Room, 4475 Bonita Road, Bonita, CA 91902

January 5, 2018
Working at NASA

Sergio Sandoval is a guidance, navigation, and control engineer at the NASA Johnson Space Center. He received a Bachelors Degree in Aerospace Engineering at the Georgia Institute of Technology in December 2017. During his undergraduate studies, he collaborated with the Space Systems Design Lab as part of Prox-1, the first satellite ever made by Georgia Tech students and with the Aerospace Systems Design Lab doing Systems Engineering for NASA projects such as the Europa Clipper and the TransHab Structure. His participation in these projects led to a co-op offer at the Johnson Space Center starting in August 2016 and an internship with the Jet Propulsion Lab during the summer of 2016. During his time at

NASA he has held different positions such as Systems Engineer for the Europa Clipper mission, Trajectory Operations and Planning Engineer for the International Space Station, Structural Engineer for experiments going to the International Space Station, and more recently he will start as a Guidance, Navigation and Control Engineer for deep space exploration missions while doing his Masters in Aerospace Engineering at San Diego State University.
