## A message from President Glenys

Bon Voyage to Barry

**Science and Engineering Challenge** is happening this week at the Forum. We have several members volunteering to help supervise the event. It is fascinating to watch High School students use their knowledge and ingenuity as they compete against other schools to find the best solution to the challenges they are given.

**Hot Dog stall** – we've had 2 stalls in the last few weeks Women's Sport festival and Warners Bay Markets. Sadly, both have suffered wet weather and low attendance numbers. Well done Christine and John and your team.

**End Polio Movie Night – *The Duke*** – a fun movie and well attended by RCWB and Rotarians from other clubs. Fun, raffles and friendship created a great night and all proceeds went to End Polio.

### Planning for the Fair

Fair planning is well under way – we just need the rain to ease a little.

Keep smiling and enjoy the sunshine when it is here.

Dear Glenys,

As one of the world's largest humanitarian organizations, Rotary has made peace the cornerstone of our global mission. We are deeply concerned about the Ukraine crisis and need your help.

Rotary is made up of people of action, especially in difficult times. In response to the deepening refugee crisis, The Rotary Foundation Trustees have decided to prioritize contributions made to the [Disaster Response Fund](#) until 30 April 2022 to support disaster response grants for districts affected by these events. These expedited [disaster response grants](#) can be used to supply water, food, medicine, shelter, and clothing.

Half a million people have fled Ukraine and are in dire need of emergency aid. The United Nations estimates that number of refugees could grow to as many as 5 million people displaced. Rotary clubs in Europe and around the world have stepped up their relief work, some working on the ground to help displaced families.

With your donation to our [Disaster Response Fund](#), we can support communities and help rebuild lives during this tragic time.

Sincerely,

John Germ
