Rotary Club of Mission Bay

Meets Monday Noon at the Catamaran Hotel

Summary of Meeting December 8, 2014

Howard Singer opened the meeting by having Past President and new School board member, Michael McQuary lead the pledge. Our visitor today was Mark Horne. Mark said he liked the food so well he was going to join our club. He is sponsored by Howard Singer.

Tricia Hunter was present today. We were reminded of our Holiday party at her home Monday evening Dec 13 at 5:30. This is in lieu of our regular noon meeting.

Michael McQuary was to be sworn in to the school board this evening. Kevin Bieser is President of the school board.

Larry Scott was introduced by President Gus Goldau. Larry has been a Rotarian since 1976, has been in charge of many tasks, has been Past President of his club and has been our District Governor.

His subject today was to show and tell about a video made by students from five high schools about the "Invisible Threat". That threat is the lack of immunizing our children. The film required \$60,000 to produce. Funds were raised in two weeks. Students making the film talked about immunization; And how important it is. At present in our country 17% of children are not vaccinated because their parents object to it. There were many claims that said it caused Autism, but that claim has never been proven and has been nullified. The Taliban claim it caused impotency and consequently do not allow it. Pakistan is a country that still has Polio and said immunization is a conspiracy.

This was the last luncheon meeting for the year of 2014. We look forward to the party at Tricia Hunter's next Monday evening.
