

# ***Pacific Breezes***

## ***Rotary Club of Mission Bay***

Meets 1st Three Monday Noons at the Catamaran Hotel

3rd Thursday evenings at various locations

### **Summary of Meeting July 21, 2014**

**District Governor, Louise Andres, and Assistant District Governor Melissa Blackburn, were our honored guests today.** Our District Governor visits all clubs in our district during her term. They met with our club board of directors before the meeting.

President Gus Goldau asked Howard Singer to lead the pledge to open the meeting. Gus then reviewed the activities coming up this month. See page 2 for schedule of events.

Susan Thorning introduced our guests today.

Maria Mikus is working to establish a foundation

for Pacific Beach Schools to help. She would like to partner with businesses and establish a system similar to Clairemont. Other visitors were Dr Ryan Curda, a chiropractor in Pacific Beach, Scott Carr, a Rotarian representing the District

Louise Andres theme was “Why are we Rotarians” She explained that she became hooked on Rotary at her first meeting. She is a member of the La Jolla Colony Club. Her first meeting was at the UCSD Computer lab. And she learned so much about what Rotary does. Our own President, earlier a had expressed his interest at first was to meet people, but after his visit to Thousand Smiles in Ensenada, it changed. Louise explained some of the events that she had been involved with in Rotary and how she has become addicted. Every one can help in a small way and it becomes a big one. She is also an advocate for Foster Children She reviewed RI foundation , projects in Nepal and South Africa and water projects in Nigeria. She reminded us that the money we donate to the RI foundation is kept for three years, generating income that supports Rotary, and then it is used for projects. A special Thank you to our District Governor, Louise Andres.

Next Week: Urban Forests– Rachele Melious
