

Pacific Breezes

Rotary Club of Mission Bay

Meets 1st Three Monday Noons at the Catamaran Hotel

3rd Thursday evenings at various locations

Summary of Meeting September 29, 2014

Jim Willis led the opening pledge to the flag and **Susan Thorning** introduced our guests, **Katya Linde** from Germany and **Bill and Barbara Jewitt**. President **Gus Goldau** then reviewed our upcoming Bocce Golf tournament and asked all member to provide two teams. The theme this years is Saints and Sinners because of Halloween. The goal this year is to raise \$5000.

Gus then introduced our speaker, **Marshall Lubin**. He was a member of Seal team 1 . He is also a Past president of High Noon Rotary at Carlsbad. He has completed a new book “ Night Moves” which was his subject of today.

In London , April 1980, Embassy hostages were taken. The Brits emphasized the policy that they did not negotiate. At that time there were no such problems in the US. The British built mock ups of the embassy to see how to break in and rescue the hostages. On the 6th day, they broke in and killed the terrorists and rescued the hostages. He then went on to tell how they trained the Brits in further operations such as skydiving. He then told of his own experience diving. One time his parachute did not open. He finally pulled the emergency chute. It opened, and got angled with the original chute that had now opened. A long great story short. He survived and only dislocated his shoulder when he landed. His book “Night Moves”, 390 pages, was for sale e for \$21.00. It is also available on the Kindle through Amazon .com and will be on Barnes and Noble. It was a great story. He then showed a slide show of some of the men in training. Seals are trained in Air , Water, Climbing and even Snow.

Happy Sad\$\$\$ were contributed by Matt Cowman, Martha Page, Howard Singer, Gus Goldau for his 10 days in Hawaii, Susan Thorning, and our guest Barbara Jewitt.

Beach fest is this weekend. A tent with our Rotary displays will be at Beach fest. Volunteers to help will be appreciated.

Next Week: Oct. 6 Jim Dorcy—Border Security and US Customs.
