Crohn's & Colitis Foundation

Do you know someone with Crohn's Disease or Ulcerative colitis? The Crohn's & Colitis Foundation's mission for the past 51 years is to find cures for these debilitating digestive auto-immune diseases. Our San Diego Chapter raised over \$1,000,000 last year through our fundraising programs and special events.

Take Steps Walks and Team Challenge marathons and triathlons are our team-based fundraising programs. Camp Oasis, is a cherished program that allows children with Crohn's and UC to attend a fun and memorable camp in Julian with on-site medical facilities.

We also hold an exciting annual gala and elite social events to bring together our community of donors. All of the funds we raise stay right here in San Diego, where we fund research initiatives that focus on curing the diseases. With over 18,000 patients in San Diego alone, we work very closely with the public, as well as with doctors and researchers in order to ensure that we are a source of information and support for all parties.
