Climate Solutions Within Our Reach

As Rotarians we have the unique opportunity to take action to help our communities adapt to the changing climate, and implement solutions to reduce the impact of climate change. This presentation addresses the following three questions related to the climate crisis:

- *Should we change? What proof points are there that this is a real issue?
- *Can we change? Do we have the tools, technology and time to change?
- *What can we do as Rotarians to implement Climate Solutions?

A presentation by **Carter Stafford, Amélie Catheline and Niels Lund**, all Climate Reality Leaders who have trained with **Former Vice President Al Gore**.

Niels Lund, past president of Solana Beach ECO Rotary Club, is passionate about the environment, and in helping our community thrive. Through his 20 years of Rotary commitment, Niels has helped communities abroad and locally. He is now dedicated to educating and bringing awareness about solutions to the climate crisis.

Amélie Catheline, immediate past president of Solana Beach ECO Rotary Club, is a scientist dedicated to bringing awareness and education about the environmental and climate crisis. She is involved in several local and national environmental organizations, helping individuals understand what they can do to lower their environmental footprint, and care with compassion for our common planet. She has recently been selected as chair of District 5340's new Environmental Sustainability committee.

Carter Stafford, current president of Solana Beach ECO Rotary Club, works with businesses to help them implement sustainable solutions within their operations, organizations, services and products. Carter can provide an incredible pool of resources through his experience in green buildings and green transportation.

New Member Application

Ryan Barnhill

Raised in Albuquerque, NM, he studied at the University of New Mexico, which awarded him a BA in Entrepreneurial Studies and a dual MBA in Operations Management and Management of Technology.

Out of college he opened a set of restaurants across the southwest. After a few turbulent years, he realized that he would rather use his education and skills to help others achieve their dreams of financial freedom. He has since earned the Accredited Asset Management Specialist (AAMS®) designation, and now runs his Edward Jones financial advisement practice in the La Mesa area.

Together, with his wife, Heather, they now live in San Diego. They have a miniature dachshund named Kona and will continue to grow their family here in Southern California.
