

Hello!

The Spring Lake-Brielle Rotary *Environmental and Community Service Committee* seeks to partner with community groups and local governments in Spring Lake, Spring Lake Heights, Sea Girt, Manasquan and Brielle to collaborate on projects preserving and beautifying the natural resources of our communities.

The Committee's work supports an initiative of Rotary International to add the environment as a focal point of each Rotary club, worldwide. Our Rotary Club, plans on budgeting funds each year to support local community projects.

Examples of this type of project, that have been completed, include:

- The Spring Lake Shade Tree Commission planting trees in Divine Park with a Rotary grant.
- The Bicycle FixIt Station in Manasquan at the head of Edgar Felix Memorial Bike Trail
- Manasquan High School Environmental Club posting "Leave Only Your Footprints" signs

Some planned projects are:

- Landscape improvement on a traffic island in Brielle.
- Donation for Policeman's Monument in Manasquan.

Please contact the committee at [sלבrotary@gmail.com](mailto:slbrotary@gmail.com) to schedule a discussion on possible projects going forward. Following a preliminary discussion, the committee will supply a formal application form.

Rotary is a global network of over 1.2 million neighbors, friends, leaders, and problem solvers who see a world where people unite and take action to create lasting change across the globe, in our communities and in ourselves.

The Rotary Club of Spring Lake-Brielle is a 501.3C charity: all monies collected from various fund raisers are donated back to the communities. We endow scholarships, assist local food banks and support multiple community based charities, including some long term international projects related to local charities. We have included a brochure about our club with information on when we meet, and what we strive to do. You are welcome to attend any of our meetings.
