## President John's Report

Our meeting started on a rather sombre note as I announced that I have received a letter from past secretary, David Bugeja, offering his resignation. Members will be aware that David's work commitments in Sydney and Melbourne have made it very difficult to attend meetings on a regular basis and those same demands have meant that family time has become more precious. He plans to stay involved as much as he can and looks forward to re-joining at some stage in the future. (He is also going to support us with the online ticket sales for the Great Grange raffle later this year. Thank you David for your great contributions during the last five years – keep in touch.

Probus has requested that we make the bar available for their meeting on Monday (12:00 – 2:00) and thank you to Ron for offering to manage that. Monday also sees a visit from CoGB representatives to discuss options for additional shedding and master planning for landscaping around the building.

Lara Osborne has advised that Tee's arrival from Thailand has been deferred until August 20 and thank you to Mick and Mandy Costello for initial hosting.

Following our dinner meeting we had a brief Caravan and Camping Swap Meet meeting and recommended that we book the Exhibition Centre for the weekend of May 16/17 to avoid clashing with a very busy March program and Easter and Anzac Day in April. It was also recommended that we look at a bump in on Friday and run the event over two days.

Our newest member, Peter Holden, did his 'member behind the badge' presentation. He is very much a 'Borough boy' with strong personal connections with many of our members. His work hours as a baker confounded many of us but he seems to think that 2:30 am starts are quite normal.

IPP Alison then provided an overview of 'My Rotary' and now having internet access allowed for a very informative and interactive session. We are fortunate to have a member with such a thorough working knowledge of the program. Alison also gave us an overview of Club Runner following the recent Board decision to adopt it as our Club platform. A major feature of the program is its integration with My Rotary and the District 9800 website.

Next Wednesday at 5:00 we host a meeting of cluster presidents to explore opportunities to support the Karen Community Centre project in Pine St including its potential to be a Centenary project. Ashin Moonieinda and Ah Pay will also attend to explain details of their plans and answer questions.

Next week we welcome Owen Cooper (son of Lynne) who will share his experiences "Living with NDIS".

John P Jones  
President

*D9800 have a large quantity of donated Toilety Products and have offered them to clubs, free of charge, for us to disperse throughout the community to those in need. These have been provided to Rotary as a way of avoiding them going to landfill and the only stipulation is that we cannot use them as a fundraiser, but the products must be given away.*

*After consultation with President John, I have indicated to D9800 that our club is interested in receiving some of these and a rather large quantity has been put aside for our club, so now we need to collect them from Melbourne.*

*Collection times are limited and is either Saturday 10<sup>th</sup> August (too late) or Saturday 17<sup>th</sup> August between 10am and 1pm.*

*We will need a van or small truck as there are a lot of boxes to be collected. If any member is able to assist in the collection on Saturday 17<sup>th</sup> please let me know.*

## DIVERSIFYING YOUR CLUB

Diversifying your club is not just about including a mix of people. It's also about working well together.

Diversity refers to inclusion of people from many groups. It is a source of innovation, as well as one of Rotary's core values. Having members with different backgrounds and viewpoints gives your club a broader understanding of the community, its problems, and possible solutions. Strive to have a group of members who offer the club diverse skills, talents, and experiences. If your club includes different ethnicities, ages, and cultures, as well as a good gender balance, it will have greater capacity to serve your community and communities around the world. Equally important is creating a culture of inclusion, where these differences are respected, supported, and valued.

## Guest Speaker – Rotarian Peter Holden

Due to a late change in our program our newest member, Peter Holden stepped up to the plate and presented to the club his 'member behind the badge' – a traditional introduction to the club of a new member, enabling the club to learn a little about each other.

Peter was born and bred in Eaglehawk, attending St. Liborius primary school and later Marist Brothers. Peter's dad, Frank Holden is a part of the Eaglehawk Holden family, well known identities in the 'Borough'.

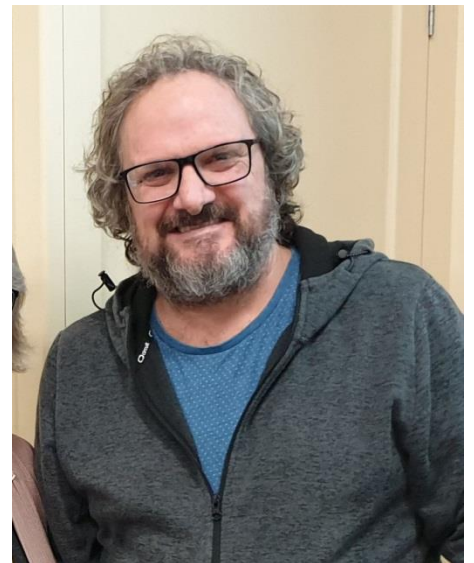

Peter grew up surrounded by a wonderful supportive community, with the church and neighbours often providing necessary access to transport, telephone or simply a great shoulder to lean on.

Initially a part time job at Bolding's Bakery (now Darcys' Bakery) provided some pocket money, but more so an introduction into the industry that was to become a life long passion. A job offer of an apprenticeship at the 'Eaglehawk Hot Bake' (now known as Eaglehawk Bakery) followed, this involved travel to William Anglis in Melbourne, an enlightening experience for someone who hadn't ventured far from Eaglehawk. Peter has enjoyed his association with David & Mandy McIntyre and supports them in their business as much as he can.

Peter is married to Trudy and has three children, Alex 22, Zali 19 and Elle 17. All three children have experienced part time employment early on and Peter firmly believes that this has been a good grounding for their lives ahead.

Peter played tennis for St. Liborius for some 12 years, recalls playing against Rtn. Trevor Lock. All those years ago he would never have thought that in 2019 they would be members of the same service organisation, working side by side for our community.

Peter was also a member of the Eaglehawk Brass Band for some 17 years, an interest shared by all members of his family at some stage. As an avid St. Kilda supporter has also realised that he has a common interest with Rotarian Geoff Adcock. He is yet to find another member who shares his interest of bushwalking – we may have to work on that for you Peter!

# CREATING A POSITIVE EXPERIENCE FOR PROSPECTIVE MEMBERS

When your club is vibrant, innovative, and making a difference in your community, it will attract prospective members. Bringing in new, qualified members diversifies your club and increases its impact. Because this may be the first contact a prospective member has with a club, be sure to make it a positive one.

Youth Director  
Rotary Club of Eaglehawk

5 August 2019

Dear Brian and Rotary Club members

On behalf of all the stakeholders engaged with Passions & Pathways, a sincere thank you to your Rotary Club for the generous donation of \$1,000 to support student transport costs to engage with local industry hosts.

Term three in the school year is when transport costs become financially challenging for the schools. The grade 6 students are transported to several local work places to participate in tours and projects. This year grade 6 students from Eaglehawk, Lightning Reef, Specimen Hill, Saint Monica's and St Peter's Primary Schools are engaged with Passions & Pathways with over 65 businesses contributing to the students' experiences with a variety of 'worlds of work.'

The Passions & Pathways Steering Committee with membership from education, local government and businesses decided that your generous donation would support each school's transport costs; each allocated \$200.

The Eaglehawk Rotary Club's logo will be included on future material as a valued stakeholder. You will also be invited to the student Expo on at 11am, Wednesday, September 18, at the Bendigo Town Hall to view the learning outcomes of Passions & Pathways in 2019.

Yours sincerely

A handwritten signature in black ink, appearing to read 'Brian Gould'.
