President Mick's Report –

I would like to acknowledge the contribution of Joe Cogo who sadly passed away Wednesday morning at the age of 94. Joe has been a member (active and honorary) of our club for over 49 years and his contributions were celebrated in 1998 with the Paul Harris Fellow recognition.

Rest in peace Joe, I think you deserve it.

At our meeting this week we tried an experiment as to how we could have a face to face meeting and using Zoom, to bring in others who aren't able to attend in person. This seemed to work well (given it is something new!) unfortunately the internet speed let us down and we will follow up on how this can be improved. Well done Gary for your efforts in thinking this through and providing the equipment.

For our presentation this week I presented on our recent trip following the Darling River from the bottom to the top. It was interesting to see how the areas around Cobar are recovering from the drought.

Talking with Gordon Hill (Cobar Rotary), he is of the opinion east of Cobar has recovered well, but west of Cobar is still in need of follow-up rain. Cobar Rotary is still providing some relief packages to some of the farming community. Having travelled up to the west of Cobar and returning back east of Cobar, it was very evident the marked difference in the two areas.

We will not have a Club meeting next week, but we will have a Board meeting. I am hopeful if we are not put into further restrictions on the 22nd July, we can return to face to face meetings.
