President Mick's Report –

Our thoughts are with Lindsay and Marg Walkington on the passing of Lindsay's mother: Margaret, at the great age of 97. It sounds like she had lived a long and interesting life. Enjoy the fond memories Lindsay & Marg.

Mick's Quote of the Week

*We did not come to fear the future.
We came to shape it.*

- Barack Obama

Also it has been 12 months since the passing of Ray Gower. Ray and his family are residents of Eaglehawk. Before Ray became extremely sick with Cancer, he was renovating the family home. When we got involved all the plaster board had been removed in the bedrooms and the entire family were living in 1 room. With the help of Daniel Costello & Adam Jansen, they re-plastered the rooms. Skinners Plaster and Fitzpatrick's Hardware supplied the materials and Gary Frank - O'Brien's Electrical did all the electrical work. We, under the supervision of Matthew McKern, then painted the rooms. Ray was very appreciative of our efforts and sadly died before we had finished the project but he did see it well underway. Well done to everyone involved!

Quiz Master Ron Payne: on The Rotary Foundation

An eye opening quiz, which indicated we need to find out a lot more about the Role of Foundation.

Grange Raffle is organized and tickets will go on sale 16th October, so start saving the pennies or form a syndicate with friends to buy a ticket. Remember there are only 200 tickets, so the odds of winning are a lot better than winning Tattsлото!

Our Guest Speaker this week was Mandy Costello Principal Violet Street Primary School outlining some of the challenges face by teaching in the lockdown environment and how they are using technology to keep their students engaged.

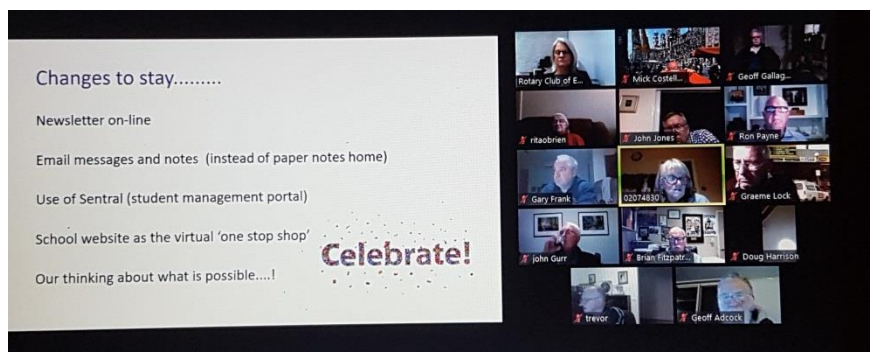

Congratulations has to go out to all educators in how they have risen to the challenge and been creative in their use of the technology.

Next Week we are having a combined meeting with the Rotary Club of Camberwell. They will present on the Rotary Outreach Myeloma Program. Remember this meeting will start at 6.30 pm Zoom link:

The ROMPER

News from the Rotary Outreach Myeloma Program

September 2020

Talking "ROMP" with Adrian Campbell

*"A multi-club, multi district Rotary Program
led by the Rotary Club of Camberwell"*

Wednesday, 30 September – 6.30 PM – via Zoom

You are invited to a special presentation of the Rotary Outreach Myeloma Program by Adrian Campbell. Adrian is a keen member of the club's ROMP leadership team that is committed to supporting the work of cancer charity Myeloma Australia in regional Victoria.

Myeloma, also called Multiple Myeloma is a type of blood cancer that affects the inside of the bone marrow. It attacks the immune system causing fatigue and can lead to frequent infections. Myeloma has no cure.

The ROMP initiative is attracting pleasing support from a growing number of Rotary Clubs as we advance our committee's plans to cover regional Victoria with Rotary support—to ensure that myeloma patients, their families and carers have easy access to the support that they need.

At a time when communities and Rotary Clubs are severely restricted by the pandemic, ROMP offers an ideal service opportunity for Rotary Clubs. Little Rotary funding is required, the demands upon each engaged club are modest and the benefits to the myeloma community are significant.

ROMP is a story that we are keen to share with you (and all Rotarians). We look forward to your company on 30 September. To access the meeting please click this ZOOM link -

<https://us02web.zoom.us/j/87835205695>

About the Rotary Outreach Myeloma Program

Initiated by the Rotary Club of Camberwell, the Rotary Outreach Myeloma Program ("ROMP") is a formal collaboration between the Rotary Club of Camberwell and Myeloma Australia, the only myeloma specific charitable organisation in Australia.

ROMP is a certified R100 project and part of the celebration of Rotary in Australasia in 2021.

2019-2020 Rotary Citation For Rotary Clubs

By Immediate Past District Governor Grant
Hocking

I am pleased to announce that for the 2019-20 year that 15 clubs in D9800 received Citations and distinctions (see table below). An email with the Rotary Citation certificate has been sent directly to all eligible 2019-20 club presidents during September 2020.

I have sent personal congratulations via the Immediate Past and current Presidents of the clubs who have received the citation, and will be formally presenting these at the clubs in the coming weeks.

It is wonderful recognition of the great work and enormous effort Rotarians deliver to support people both in their local communities and around the world, and a great reason to celebrate.

The Rotary Citation recognises Rotary clubs that support our strategic priorities by completing certain activities. It is a significant award that honours clubs whose leaders and members show a commitment to success. Clubs that achieve the goals required to earn the Rotary Citation are strengthening Rotary and shaping our future.

Rotary automatically verifies many club achievements via clubs themselves keeping information up-to-date on *My Rotary*. To be eligible for the Rotary Citation, clubs need to begin the year as active clubs that are in good standing and remain so throughout the year. The required achievements were centred around the headings **Unite People** (membership, sponsoring new clubs, alumni event, youth exchange) and **Take Action** (Foundation committee and contribution, member engagement, Polio, Project work, Public image). For the 2019-2020 year, clubs could also receive the **Rotary Citation with Distinction** when they achieve the Rotary Citation plus one to three additional goals under the headings: Connect Leaders; Connect Families; Connect Professionally; and, Connect Community (SILVER-1 goal, GOLD -2 goals, or PLATINUM-3 goals).

I encourage all clubs to update *My Rotary* on a regular basis and review and achieve the Rotary Citation goals for 2020-21.

Rotary Citation	Club ID	Presidential Distinction
Bendigo South	18307	Silver
Brunswick Tullamarine	18310	-----
Central Melbourne	24501	Gold
Eaglehawk	18317	Gold
E-Club of Melbourne	84949	Platinum
Flemington Kensington	24401	Gold
Glenferrie	18324	Platinum
Hawthorn	18325	Silver
Keilor East	21222	Silver
Laverton Point Cook	18331	Platinum
Prahran	18340	Gold
Southbank	52146	Platinum
Werribee	18347	Platinum
Wyndham	22328	Platinum
Wyndham Harbour	89899	Platinum

Membership Ideas Forum

By Peter Frueh

On 12 September, 2020 a "Membership Ideas" forum on Satellite clubs was held for Club Membership Chairs.

Our main speaker was Matthew McLeod, District Membership Chair and District Governor Nominee from D9910 in West Auckland, New Zealand. He gave some very good advice for clubs looking to start up a satellite club, as well as answered a number of questions and participated in the breakout sessions.

"Club of the Month" was Southbank. In President Jasmin Dhillon's absence, District Governor Philip Archer, a member of Southbank, gave us some background on the Millennial Satellite club, launched in June, and a satellite club for CEOs, which will be launched in a few months.

If you would like to view the recorded session, click on:

<https://vimeo.com/457192496> (Password: Li5JiX7f4mw7)

On 10th October at 11am, a combined "Public Image and Membership" seminar will be held, which will be open to all Rotarians in our District. Further details will be provided next week. The main speaker will be Pia Demsky, Director Communication and Public Image. We will also highlight the "Club of the Month".

October is 'End Polio Support Month.'

I'm challenging myself to walk 50km (and to ride a whole lot more) throughout the month and raise vital funds that will help eradicate and prepare us for a Polio free world.

Please support my 'End Polio Now' fundraiser by joining my team at <https://www.rotarywalkwithus.org/fundraisers/ronpayne> while also making a valued contribution to world health.

If you feel inclined to support this very important project further, please SHARE this post on Facebook or anywhere else you might be able to promote it.

Thank you enormously in anticipation.

Ron Payne

End Polio Walk

We encourage members to join this year's fundraising event to be held between 1-31 October.

People can register at www.rotarywalkwithus.org

Or can source further information on the facebook link at:

Facebook event page - <https://www.facebook.com/Rotary-Walk-With-Us-585720215446222>

#Walk with Us - Rotary End Polio Walk

This October, **Walk With Us** for those who can't

Global virus pandemics are not new. Before vaccines were developed for polio in the 1950s, parents were gripped by terror: over 1,000 children were dying or being paralysed *each day*.

Now, polio is a distant memory in most countries, but it persists in a few. The problem is that until we completely eradicate the poliovirus, children everywhere remain at risk.

Alongside Past RI Presidents, Directors and Rotarians from across Australia and New Zealand **you are invited to join a challenge** this year to honour the life of Past RI President, Sir Clem Renouf, Rotary's original Polio campaigner.

What's the challenge? Go for a walk!

(actually, a walk, a run or a roll—your choice)

You can do this! Even those of us in lockdown can do this. So what's involved?

1. Register your target (say 10km, 20km, 50km or whatever distance suits) during the month of October
2. Get friends, family, colleagues and local businesses to sponsor you
3. Record your activity, monitor the leaderboards, track your results.

What will you achieve?

- *Save children now* in polio hotspots like Pakistan and Afghanistan
- Help develop innovative new vaccination programs
- Help plan the polio endgame, including repurposing the polio network for other health needs
- Deliver a polio-free world.

In the process, stay fit and healthy!

Registrations will open September 1st, 2020 www.rotarywalkwithus.org

Also, if you'd like to become part of the team that's bringing this event to life, email kitty@rotaryinaction.org for more information.
