## Forty Eight Years Ago We Did This!

*Above: Buckingham House*

Forty-eight years ago, the house was saved from demolition by becoming our Rotary Club's first major project. Members toiled to renovate the house and today it is a working museum and a popular place for the local schools to visit.

Buckingham House was also chosen as the venue for the launch of our club's first history book

## *The First Thirty Years*

We are indebted to our former Past President **Buzz Goodacre** for his tireless effort in recording our Clubs history as we are fast approaching our fiftieth birthday anniversary. Thank you **Buzz**.

## Rotary's Role in THIS Pandemic

As the COVID-19 pandemic spreads uncertainty and hardship around the world, Rotary members and participants are innovating, caring for those affected and showing that even at a distance there are ways to help. Fighting disease is one of Rotary's main causes, so members already support efforts to promote proper hand washing techniques, teach people other ways to stay healthy, and supply training and vital medical equipment to health care providers. Now they're helping health authorities communicate lifesaving information about COVID-19 and donating protective gear and other supplies too.
