As a teacher, I've had students ask some very interesting questions.

I pride myself in knowing the answers to some rather difficult ones! Examples:

- 1) Why is it that when geese fly in a 'V' formation, one line is always longer than the other? *Because there are more geese in that line.*
- 2) What's green, red, orange, blue, purple, and yellow? *Colors.*
- 3) What did one Japanese man say to the other?
I don't know. I don't speak Japanese.
- 4) Do you know what's really odd? *Yes, numbers that aren't divisible by 2.*

You never forget the teacher who makes a difference...

Do you know a math teacher who has a special way of making learning numbers fun for students... Or a science teacher who opened a new world for your child? Nominate an extraordinary teacher for the 2019 Teacher Impact Awards!

Who knows? The winner might even be one of our members or a relative of one of our members!

WITF is proud to partner with Rotary District 7390 to present the Teacher Impact Awards supported by Franklin & Marshall College.
