A Message from our president, Glen Bootay

"The Bootay Way"

**IMAGINE
ROTARY**

I am getting close to only having 2 months left as your President. Time sure flies by when you are having fun. I have truly enjoyed the years preparing to be President and my year so far as President. I am also looking forward to being past President. I have a few other things I want to work with Jeff Clark on to continue to improve our Club. Our Club is so fortunate to have so many Past Presidents still very involved with the Club. Our leadership depth is remarkable. I encourage any member who has not stepped into a committee to do so. Start with that, then plan to move into a Leadership role you are comfortable with, keeping in mind your work and family commitments. The future of our club depends on YOU.

Have a great productive week and remember to spend time with family and friends.

Glen Bootay

Can you see without using your eyes?

What is your favorite Disney character?

My friend Figment the Imagination Dragon says that we can see without using our eyes.

You see he represents the Figment of Our Imagination.

How many of you have seen Star Wars or Star Trek or Back to the Future?

Before you saw them, someone saw them in their mind.

Imagine

Imagine if you could fly like a bird.

Imagine you are flying above the treetops, flying above the buildings.

Imagine flying to 500 feet, to 1,000 feet and looking down. What would it look like.

Orville and Wilbur Wright imagined flying. And they did in 1903!

Albert Einstein said "Imagination is more important than knowledge. Knowledge is limited. Imagination encircles the world."

How many of you have seen the tv shows The Jetsons or Get Smart? (I know, many of you are too young.)

Do you realize we have products today that we saw on those tv shows before they were created?

In 1965 on the tv show Get Smart, Maxwell Smart, Agent 86, would take off his shoe and use it as a phone.

The first cell phone was invented by Motorola in 1973.

In 1962 on the tv show The Jetsons people rode in a conveyer belt at airports.

Today they are in every major airport.

The Jetsons also had vacuum cleaners operated by a robot.

Today my daughter has three of them. One for each floor of her house.

Walt Disney ... just think about his imagination and vision.

Now back to Figment. His creator was Dream Finder. Another imagination of someone's mind.

Figment even has his own comic book with his creator Dream Finder

Randy Gage said "You're Not Poor Because You Don't Have Money.

You're Poor If You Don't Have A Dream."

What can you IMAGINE?

What can WE IMAGINE as a Rotary Club?

Old FARTS Spring Bike Ride and Brewery Visit - Saturday May 20, 2023

President Glen asked me to organize another bike ride for this spring with a brewery visit.

Paul Wolgemuth shared this idea... "After reading the article "Pedaling toward prosperity" in the February issue of Rotary, I thought it might be good to connect some actual service to the Old-FARTS name. One thought I had was to suggest that anyone participating in a ride contribute \$10(or more) which would go to World Bicycle Relief. One step further would suggest that every rider get another Rotarian to match their contribution of \$10. From the article I see that \$170 would buy a sturdy bike. Hopefully we could buy a bike." So here we go!

We will leave Etown May 20 around 8:30 am and travel to the Ironton Rail Trail. (north of Allentown) (<https://www.irontonrailtrail.org/>). The IRT is a mostly paved, easy 13 mile ride. Following our trail ride we'll head to Retriever Brewing Company in Orefield for a late lunch. (<https://www.retrieverbrewco.com/>). The service aspect of our ride will be to collect voluntary donations for World Bicycle Relief to purchase a bicycle.

Family and friends are welcome. Please share with other club members who may be interested.

If you are interested, please [REGISTER](#) so you are on the list for updates. Signing up is not an obligation to go, it just lets me know to keep you updated concerning meeting location, weather postponement, etc. <https://elizabethtownrotary.org/event/old-farts-bike-ride-and-brewery-visit/>

I had a brief conversation with Kevin the other day about your questionnaire for the E-town Rotary Newsletter, which, btw, you are doing a fantastic job. I hesitated to respond to your questionnaire, simply because my memory is slipping somewhat, but I do have many positive reflections of my nearly 57 years involvement.

One of the questions he asked of me was about one of my favorite 'presidents'. I do have positive recollections of basically all the various leaders. And, I did not want to be specific in front of Kevin, but I must say his creative and enthusiastic leadership made me quite pleased (yes, I guess proud). It reminded me of a report note that we received from his kindergarten teacher, Dorothy Fike.

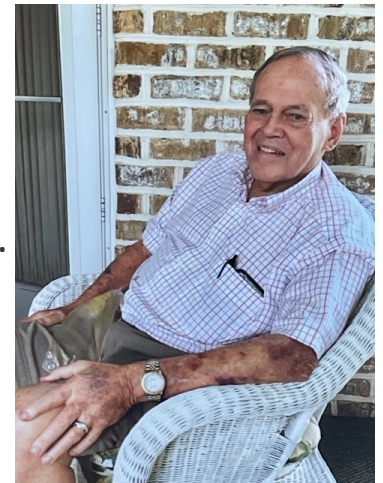

I quote: "What can I say of this boy who is always one idea ahead of the group -- except that he interrupts too much, talks too much, and bubbles with new thoughts. He is disruptive at times because his creative urge cannot be contained. I may need to shackle him to more formal disciplines, which is regrettable." (1st period report).

In her 2nd, and final report she wrote: "This Kevin has set a merry pace for kindergarten 1970-71! Outgoing, extroverted, and full of good ideas! Must guard against tendency to disrupt the group -- sometimes involuntarily. He is assigned to room 500, East High Building."

That's it. There will be no hard feelings if you do not include me in this column. And thanks again for all YOU have done/ and are doing, for our club. You've brought it to the next level, for which we all can be proud and thank you.

Sincerely,

Harold

Harold Engle

During Kevin's year as president of our club, we grew from 84 members to 101. And speaking about "one idea ahead," under Kevin's leadership the club started a second meeting every week which provided more opportunity for people to join Rotary.

For the past 4 years Kevin has served as an Assistant Governor in our district. As Elizabethtown Rotarians, we are all proud of Kevin's leadership to our club. Thank you Kevin!
