If you missed the May 7 meeting you missed a great program!

Please watch the short video.

Lourdes, 7, is just as curious and playful as her older brother. Despite being unable to hear or speak, she communicates with the rest of her family using a kind of sign language and body language. Lourdes loves dancing in school and wants to be an acrobat. Her family's new stove ensures that she will have fresh air and healthy lungs, a crucial part of every child's life.

I put together a few things for club members who might want to stay connected:

Anyone who didn't make it can learn more about StoveTeam with this video about our work:

stoveteam.org/why-stoves

There are over a dozen ways to get involved, plus inspiring stories from the field at

stoveteam.org/next-steps

Anyone who would like to write to us can reach us at: PO Box 14707, Portland, OR StoveTeam is currently focusing on our Justa stove project in Guatemala.

Our goal is to install 5,000 cookstoves into homes in the next 3 years. We are working on gathering club and district support to fund our efforts and would welcome any support from your club or advice on approaching your district.

There is more information about the Justa project on our website at stoveteam.org/justa-stove and you can [download a project description PDF here](#). If appropriate, I would be so appreciative if you could discuss this project with your club.

Thank you,

Forest
