ROTARY INTERNATIONAL NEWS

Great news on the Polio Eradication efforts:

"For the first time, all of the sites that undertake environmental testing for the wild poliovirus in Pakistan and in Afghanistan near the border have concurrently shown no presence of the wild polio virus. This is a sign of tremendous progress in the 35 plus year effort to eradicate polio. We have also gone 14 weeks without a wild poliovirus case. There have been just 4 cases of the wild polio virus in the last six months. We have seen 2 wild polio cases since January 1st.

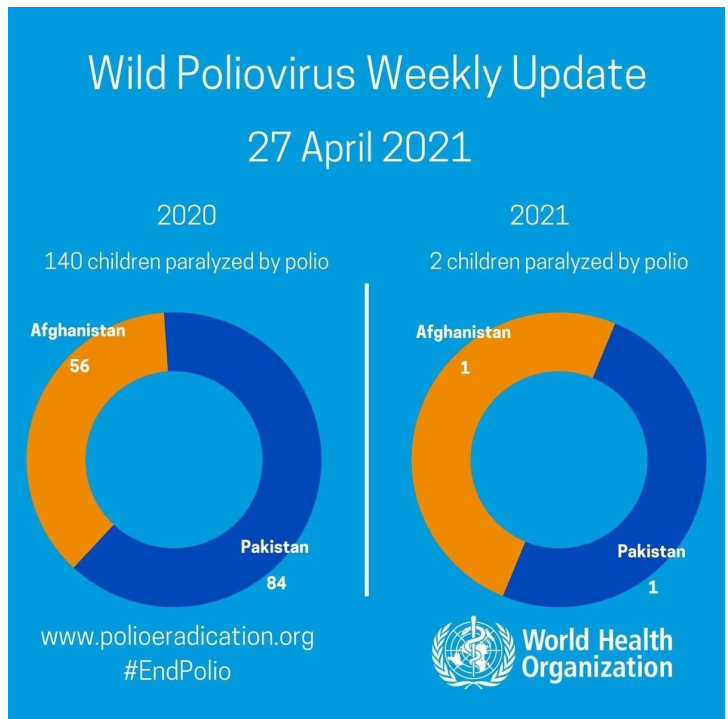

Certainly, we will likely see more cases and we will later find positive samples of wild polio virus in the environment, but this is a good sign we are definitely getting closer. It is remarkably similar to what we saw in India a decade ago. And we are also seeing fewer vaccine derived cases than we saw last year.

With all the world's challenges, it is heartening to have good news." Michael K. McGovern, International Polio Plus Committee Chair.

Thanks Monaco! - the largest per capita donor to the GPEI, contributed €50 000 to WHO for global Polio activities in 2021.

Thanks to the Bill & Melinda Gates Foundation, which has approved a total of US\$ 10 million and US\$ 5 million in funding for cVDPV Outbreak Response in 2021. Funds will be used to implement quality and timely outbreak response immunization activities as needed, including planned campaigns using nOPV2 and mOPV2 in countries of the African Region. A Win Against Polio is a Win for Global Health and potentially outbreak response campaigns in the Eastern Mediterranean and European Regions.

A Win Against Polio is a Win for Global Health!
