Welcome and thank you for supporting the Rotary Club of Mechanicsburg's second tasting event, "A Taste of Mechanicsburg." Your support, as an Attendee, Sponsor, or Vendor, is invaluable. With the funds raised at this event, our club will be able to continue to serve and support our local community partners, such as the Joseph T. Simpson Public Library, the New Hope Food Pantry, and Meals on Wheels. We will be able to continue to offer \$12,000 in scholarships to our inspiring student leaders from our local high schools and college. We will also be able to expand our funding and support to our global partners in El Salvador, where they continually inspire us with the work that they are doing to develop and strengthen their communities.

We are deeply appreciative of the support and enthusiasm that the Simpson Library has shown for A Taste of Mechanicsburg. Our public library is a pillar in this community. All of the staff and volunteers that serve at the library demonstrate, on a daily basis, the Rotarian's motto of "Service Above Self." Thank you for the service that you provide to all of us in our community!

Thank you to our food, beverage, and art vendors for your willingness to give your time, energy, and most importantly, food, drink, and talent for this event. It has been a pleasure to work with all of you and we thank you for your generosity in supporting A Taste of Mechanicsburg. We hope to welcome you back for future tasting events and fundraisers.

The Rotary Club of Mechanicsburg has been humbly serving our local, national, and global community for the past 81 years. We are a team of individuals, from all professions, dedicated to making a difference in the world around us. If you are an individual that sees the challenges that your fellow community members face (both locally, nationally, and internationally) and want to do something about it, come join us every Wednesday morning at Brothers Diner from 7:15 to 8:30 AM. We would love to have you there!

Thank you again for joining us this evening and for your support for the Simpson Library and the Rotary Club of Mechanicsburg! Feel free to leave comments on our Facebook page.

It was wonderful spending this evening with you all!

Helpful Hints for Tonight's Event

- The restaurants and vendors are located on the main and second floor of the Simpson Public Library (we are not using the lower level tonight). Visit each one and check out their offerings.
- Refer to the separate "map" sheet which lists and shows the location of all the restaurants, vendors, and featured locations.
- When you visit a sponsor, please thank them for supporting this event and the community. This will help to make the next "Taste" bigger and better.
- Please vote for your favorite item by using the voting slips which are included in your bag. Each slip has the names of the vendors which are eligible for that category. Check the name of just one vendor on each slip. Deposit the slips in the corresponding category at the reception desk at the library entrance.

The categories are as follows:

John Gross & Company - where 4th generation experience and professionalism meets superior customer service.

Choosing from a menu doesn't do it. Pressing 1 to reach help doesn't cut it. Real service is about people!

Imagine a customer-focused, family business where every day begins dedicated to serving the individual needs of customers. How refreshing is it to actually stumble upon customer service where the people actually care? This is the business model that John Gross has built. Where empowering people to shine has made the difference, honoring a "business contract" made in support of each and every customer's daily success.

Sun 1pm - 6pm

Here at Larsen Meadworks, we are re-shaping the modern perceptions of mead. Our unique selection of honey wines is characterized by uncommonly sophisticated profiles delivered in the elegant layers which constitute our primarily dry,

often sparkling wines, nuanced with a variety of hops, fruits, and spices. Set aside any preconceived notions or expectations about what mead is and prepare to be pleasantly surprised by what we are crafting here at the winery. Stop by the tasting room and completely unwind in a laid back atmosphere while enjoying a flight, glass, or bottle, or select something to order from the buy page.

The skills of a wine maker, a beer maker, and a bartender can be combined in ways to make an infinite number of hypothetical beautiful wines. At Larsen Meadworks, we believe that if you can imagine a perfect wine, then you can make it. We hope that joining us in this journey is as much a joy for you as it is for us.

Where the Locals Eat

WE COOK FOR THE LOVE OF FOOD.

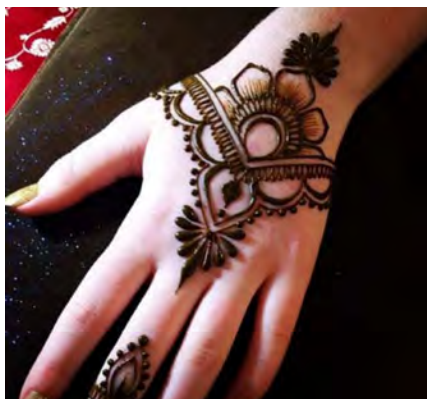

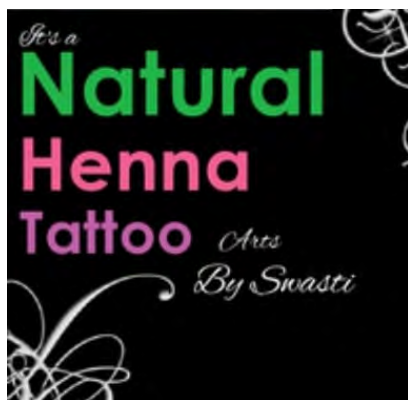

Metro Diner may not be the type of place where you'd expect contemporary culinary techniques, a commitment to creating dishes from scratch, an award-winning presentation, unique recipes and imaginative twists on old classics, but it is. It's that type of place because we cook with heart. We cook for the love of food.

Our story starts in 1992 in Jacksonville, Florida, when a historic cafe near San Marco Square was renamed Metro Diner. Guests have been continuously served at this location since 1938. We continue that tradition in our diners today by serving another generation of happy guests at their favorite place.

Henna (Arabic: *هنا*) also known as Mehndi is a dye prepared from the plant *Lawsonia inermis*, also known as hina, the henna tree, the mignonette tree, and the Egyptian privet, the sole species of the genus *Lawsonia*. Henna can also refer to the **temporary body art** resulting from the staining of the skin from the dyes. Henna has been used since antiquity to dye skin, hair and fingernails, as well as fabrics including silk, wool and leather. Historically, henna was used in the Arabian Peninsula, Indian Subcontinent, Near and Middle East, Carthage, other parts of North Africa and the Horn of Africa.

Natural henna produces a rich red-brown stain which can darken in the days after it is first applied. It is sometimes referred to as “red henna” to differentiate it from products sold as “black henna” or “neutral henna,” which may not actually contain henna, but are instead made from other plants or dyes.

Our production brewery is located in our restaurant, Als of Hampden in Enola, PA. With a 10,000 square foot location and over 100 beers on tap, we're central PA's premiere destination for craft beer.

WORLD CLASS CRAFT BEERS

Try one of our world class craft beers today. You can find them on the shelves of respected craft beer spots in PA and NY, or try them in our restaurant.

As much as we like fun and monkeys, we prefer to fill our barrels with handcrafted wild ales, big stouts and barleywines. Our barrel program is making world class beers. Try some today in our restaurant.
