**President's Message**

Recently I had the pleasure of attending the Foundation dinner with several of our members to receive an award for our work in El Salvador. At that event, Rotary's fight against polio was highlighted. Rotary has helped reduce polio cases by 99 percent worldwide since its first project to vaccinate children in the Philippines in 1979. December is Disease Prevention and Treatment month and you can help continue this quest to eradicate Polio by giving a gift via Rotary.org. Your gift will also count toward Paul Harris Fellow recognition. During this season of giving, give the gift of life!
