President’s Message

This month is Water and Sanitation month. As you know we just commissioned a group from our club to visit the village of Metalillito, El Salvador, to evaluate the work we have done there in providing 203 composting toilets and a water tank. We can certainly take a moment to pause and reflect and be proud of our work in that community. We anxiously await the return of our team and will get a report during our March 9th meeting. I look forward to hearing their observations and opinions of the effectiveness and impact of those projects as well as potential future projects in that area. It is truly a great time to be a Rotarian!
