President's Message

May is Youth Service Month. Our club is actively involved in many programs and community projects that benefit youth in our community and globally. Our club is committed to \$10,000 in scholarship as part of our Student of the Month program. We had several member's that help host young adults from Australia during their stay as part of the Group Vocational Service Exchange. Each year we give several scholarships to students to participate in RYLA conference. This year we gave \$5,000 to the Youth Impact Project to help them as they give needed supplies to children in need in our community as they prepare to return to school. Also, we gave a gift of \$2,500 to the Northern York School District for them to purchase two 3D printers for their STEM program. We should be proud of our commitment to youth and continue to actively look for ways to serve the next generation in our sphere of influence.
