The SHARE Project

Serving Humanity And Re-purposing Equipment

A Project of

Rotary

e-Club of Change Makers

The SHARE Project

We collect medical, educational, and vocational equipment from organisations that no longer require them however recognise their value for others.

These goods are stored, sorted and distributed from The SHARE Project warehouse in Broadford, Victoria.

This recycling and re-purposing initiative diverts products from landfill, resulting in a positive environmental impact.

Resources will be available to Rotary supported projects for local, national, and international distribution.

WHAT WE COLLECT
