Ithemba Lethu Learning Centre

A colour printer, a double set of cartridges and two laptops were handed over by Community Services to the EXTREMELY humble Ithemba Lethu learning support premises, housed in humid and hot old containers in Langa this week.

These most deserving recipients do very meaningful Science and Maths additional teaching to nearly 1 100 Primary and High school learners – working in collaboration with LEAP Science and Maths School.

If anyone has a spare desk - it's really very needed. Their administrator sits on the floor with a borrowed laptop. He now has a dedicated laptop.

Perhaps the photos reveal some of the circum-stances. Triumph over adversity sums it up.

Previous Meeting

Nothing to report this week. For those with short memories, last Monday was a public holiday and the meeting the week before that was cancelled in lieu of the RI President's Cocktails Event on Tuesday 19 September.
