Last Week's Meeting

RYLA is coming up, and to date, there are 42 confirmed attendees. Peter Cuskelly, from the Hastings Education Fund, shared with us the changes that attending RYLA had made in the lives of some of the HEF students. We also heard from two HEF students that we are sponsoring to RYLA this year, Mitch Williams and Bronnie Hill. They are both nursing students, and will return to a future meeting, post-RYLA, to tell us all about their RYLA experience.

Reminder about the RYLA dinner: Rotarians are invited to attend, April 6, in Macksville. Talk to Christina or Nicole if you would like to go along.

(Far left) Bob Higham from his best angle, with John in the background.

And, (left) Trish and Phil.

We also had a visit from Phil Dixon, a former member, now currently exploring the country along with the rest of the grey (and bald) nomads. Phil has had a long history with Rotary, and it was great to see him again. PE Trish, standing in for President Pete, presented Phil with a mug to remember the club by.

Another blast from the past was a piece written by a past president, which Michael shared with the meeting. Sage and timely advice about engaging members and building the club. Photos below.

Observation Drive

Those who attended last Saturday had a truly amazing time!

The Grobster, and his trusty assistant, Bob C, had put together a lovely drive through areas that some of us had never been to, and others hadn't been to in a long time. Hardly anyone got lost, and no one got lost permanently, and everyone managed to find the final destination, where we enjoyed a picnic lunch.

(Left) The scores were calculated scrupulously fairly, hardly influenced by any sort of coercion (unfortunately!).

And this year's winners were . . .

THE DENYERS!!!

Don't forget!

Our new meeting venue – Waters Edge Boutique Hotel.
