## Sports Awards News Watch this Space

The Port Macquarie Hastings Sports Awards are off to a cracking start this year! The Committee is excited to have many returning members,

"To encourage participation in sport, for all ages, and support those who strive for their sporting best from our region."

With such hard working Committee members, the Awards will only be bigger and better, and we certainly have some really exciting ideas to improve them for this year! Thanks everyone for supporting our local sporting champions - our Awards truly do support their endeavours and make a difference.
