# Rotary Katikati - high end PC Project

Rotary Katikati has a project to raise funds by selling a number of very fast, high end refurbished personal computers.

Fast because:

- 8 core i7 CPU
- 480gb Solid state hard drive
- 16gb DDR4 RAM

Also a dedicated Radeon graphic card with on-board 1gb DDR5 RAM. Great fast graphics for:

- Gaming
- Graphic design

Has a second hard drive good for;

- Backups
- Extra storage

The Refurbish PC tower with Windows 10 pro would sell for over \$1000 & monitor \$150 at PB Tech.

**Rotary Katikati is selling these to Rotarians & friends for a very reasonable \$600 including monitor.**

This will qualify as a donation to the club charitable trust so buyers can claim a 33% charitable donation tax refund.

## Specifications:

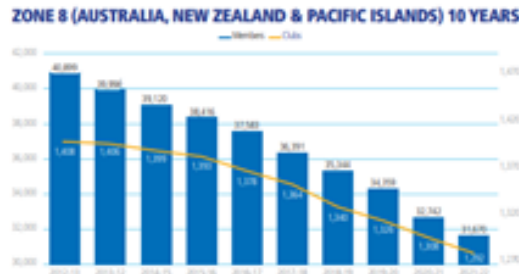

- Gigabyte Tower (see photo)
- CPU i7- 4790, @3.60 Hz, 8 core
- Hard drives 480 SSD, 500 HDD & DVD
- Memory 16 GB  
Graphic card Radeon AMD 5700, 1gb DDR 5
- Windows 10 pro
- Monitor 22"

# Speaker

Nick Dangerfield on **Reorganisation in Rotary**

Nick showed video presentations about this important pilot project.

In our Rotary region (Zone 8—Australia, NZ & the Pacific) we have experienced a 23% overall reduction in membership over the last 10 years.

To address this and a number of associated governance challenges a pilot **Regionalisation Project** (see [Creating Tomorrow](#)) has commenced.

In September our club will vote on the proposal to proceed with developing a new streamlined regional governance approach which should reduce duplication of roles in our current District structure and provide for more efficient and effective administration.

It is envisaged that the project will evolve over a number of steps and probably over some 4 years.

## Funds raised at last meeting:

- Raffle** - \$105.00 (for Foodbank & Community Breakfast)
- Rotary Foundation** - \$26.00 (sustaining membership)
- Fines** - \$20.00 (Presidents Sunshine Fund)
