Speaker Sean Carnachan spoke to us about the Recognised Seasonal Employer (RSE) scheme which allows the horticulture and viticulture industries to recruit workers from the Pacific Islands for seasonal work.

Sean's Matahui Road kiwifruit orchard and packhouse business employs up to 80 and has a purpose-built village for seasonal workers, who may be: from the islands, backpackers or retired Kiwis.

The scheme has grown nationally from 5,000 workers in 2007 to more than 16,000 today and is closely controlled and monitored by three government agencies. Sean gave us an appreciation of the challenges involved in building the accommodation, gaining government accreditation, and providing pastoral care for the overseas workers

Five MinuteTalk from Rod Calver

Rod spoke about the Katikati Community Health Trust (established in 1994), which he chairs. It's activities include funding community health initiatives such as:

- Short term care accommodation at Radius Lexham Park rest home. This reduces unnecessary ambulance travel to Tauranga Hospital.
- The [Community Van](#).
- Defibrillators at strategic locations

Rod noted that with an estimated half of our present GPs due to retire within the next 10 years our primary care health system is likely to see big changes. An example of an innovative phone app. approach can be found [here](#).

Funds raised at last meeting:

Raffle -	\$87.00	(for Foodbank & Community Breakfast)
Fines -	\$61.00	(Presidents Sunshine Fund)
Rotary Foundation -	\$26.00	

Parting Thought from Rod Calver

Clients do not come first. Employees come first. If you take care of your employees, they will take care of clients.
