

## 150 RIDERS HIT THE TRAIL FOR CYCLE DINDI

There were just over 150 riders- comparable numbers to previous years and given the competing events calendar at this time of the year, a response the organising committee was very pleased with.

We received many positive comments with riders expressing thanks to Rotary for our excellent organisation and wonderful country hospitality.

Again, the highlights were the Devonshire tea in the shearing shed at Nutfield- some riders claim they ride just for the scones! – and the BBQ lunch at beautiful Cremona. Our thanks again to the Sinclair family for their generosity and wonderful rural hospitality at Nutfield and Cremona.

As one rider expressed it – ‘No other event on a Rail Trail offers the opportunity to visit a working farm or private property. These ‘add ons’ make it uniquely special!’

Kyla showed great determination to complete her sponsored ride - she and Eoghan hit head winds riding back from Yarck to Cathkin , which nearly defeated her, but a rest and revive at Cremona ensured she found a second wind and powered back to Yea, arriving just after 4pm after clocking up 54kms!

Kyla has been promised almost \$2,500 in sponsorship, an incredible effort. Well done Kyla 😊

I can't thank the Yea CD committee members enough; Woodsy, Bob H and Ian S (with Ian L assisting in the background with IT issues) who as always provided wonderful assistance – and committed countless hours to ensure we were able to provide a great experience, bring economic benefit to Yea and district and at the same time raise funds.

Thank you to all members, partners, family members and friends of Rotary who contributed throughout the many months of preparation and on the day itself to make CD such a success. The event attracts fabulous community support and sponsorship too. Julie
