

YEA GARDEN EXPO 2022

Rotarians at
Work

Photos mostly by
Ken Foletta

Isaac (Ian Sichlau's grandson)
making the most of the rain

Lots of work behind the scenes.
Photos from Glenda

Why was John being so protective of these scones?

Thanks to Kerry Tull who catered for us tonight

Did You Know.....?

INTERPLAST The Royal Australasian College of Surgeons established INTERPLAST in conjunction with Rotarians. INTERPLAST sends teams of volunteer plastic and reconstructive surgeons, anaesthetists, nurses and allied health professionals to provide life changing surgery and medical training in 17 countries across the Asia-Pacific region. This is done in partnership with local organisations including hospitals, universities and NGO's. The mission is to "Repair bodies and rebuild lives" through providing surgical services to those who could not afford to access these. An estimated 143 million people each year go without urgently needed surgical attention. More than 99 million of those cases are in Asia and Oceania, where INTERPLAST works.

From Russell Hogg.
