FIGHT CANCER FOUNDATION

Fight Cancer Foundation is a registered national charity dedicated to providing practical care and support for cancer patients and their families, and funding medical research into better treatment methods and ultimately cures.

Formed in 1989, the Foundation has responded to community needs for over thirty years.

Our projects include:

- Creation of the Australian Bone Marrow Donor Registry giving blood cancer patients a second chance of life, with over 175,000 Australians registered donors, and access to over 20 million potential donors world-wide.
- Creation of the Melbourne Cord Blood Bank providing an alternative treatment method for blood cancer patients and therapeutic stem cell options for a variety of genetic disorders.
- A network of accommodation centres located near major treating hospitals providing patients and their families with a home away from home when needing to travel long distances to access treatment.
- Education programmes for children and young people living with cancer and facing long absences from school while undergoing treatment and recovery. Providing them with the best opportunity to reach their full potential.
- Funding for medical research programmes into better treatment methods and ultimately cures for cancers. Annual competitive grants ensure our funding goes to the most promising research programmes.

HILLTOP ACCOMMODATION CENTRE — ALBURY

Hilltop Accommodation Centre in Albury is a joint project of Fight Cancer Foundation, the Zonta Club of Albury Wodonga, Rotary Club of Albury North and Lions District 201V6.

Stage I was completed in 2012 at a cost of \$5.2 million. The facility provides twenty motel style suites each with ensuite bathroom, sleeping, lounge and dining facilities. Hilltop also offers guests communal areas—fully equipped kitchens, dining spaces, BBQ areas, lounge areas, a library, children's playground and meeting facilities for community groups.

Located adjacent to Albury Base Hospital and a short walk to the Albury Wodonga Regional Cancer Centre, Hilltop offers first class facilities and provides a safe, comfortable and affordable home away from home for cancer patients from outlying towns across southern New South Wales and north eastern Victoria.

HILLTOP STAGE II DEVELOPMENT

Hilltop is currently able to offer 7,300 nights of accommodation per annum and is fast approaching capacity.

In response, Fight Cancer Foundation, Zonta Club of Albury Wodonga, Rotary Club of Albury North and Lions District 201V6 have decided to expand the facility to provide a further 3,650 room nights to meet the increasing demand.

The expansion will see the creation of a further ten accommodation suites, a lounge / library, gymnasium, guest laundries and new reception area and administrative office.

The estimated cost of the improvements is \$3.8 million. The Federal Government has, through the Building Better Regions Fund, committed \$1.9 million. The Fight Cancer foundation is able to commit \$1.1 million and we are seeking community support to raise \$1.0 million to completed the building project and provide furnishings and equipment.

The building project is now underway with completion estimated in early August 2020.

PARTNERSHIP OPPORTUNITIES

All gifts to Fight Cancer Foundation Hilltop Appeal are tax deductible under Section 78(1)(q)(ii) of the Income Tax Assessment Act 1936.

A range of partnership opportunities are available to individuals, families, service clubs and businesses.
