

Greetings to all

I have just looked at last week's email and it still said draft so I think it didn't go to anyone but me as a cc -so I apologise for that and I have sent it again FYI.

Just a gentle Reminder:

We will be honoured on **the 2nd of November by our District Governor joining us online** for his official visit. This is quite an historic event as the first online club visit for our district - please make a special effort to be available as individuals from your own computer or as a group on that night would be great fun. Graham will send you all a link to click on and join in.

We adopted 7pm Mondays as our meeting day and time so that is when Doug will join us.

I have put my profile on the website which is different to the attachment I sent "last" week/email. You need to login to the members area then members list then click on my name and it will open the profile.

On Tuesday night I went to visit the RC of West Torrens and was most impressed with their energy in particular their BBQ prowess and organisation in doing multiple sites at once.

I have attached an article I found interesting -have a read.

Best regards

Cheers for now
Pres. Eric
