

President's Bytes 20th July 2015

Welcome to week 3 of the South Oz e-club.

it seems that my first effort to email you all through the website was a success. This is really a good function as it provides a permanent record of our emails. Remembering that it is also a function every member can use to email other members.

Membership; The district TRF and Youth alumni leaders are happy to share their lists and it will become a little clearer what records they have, on past GSE and Youth as well as other people who have had contact with 9500, following a meeting in early August.

Unfortunately I have not received any comment / s or endorsement of the documents attached to the email and that were also on our at [website](#). It is important that we still act to vote on matters as a club. The thought did strike me that members may have forgotten their Username and or passwords so i have attached them this week with instructions on how to use.

The preference is to vote yes or no. Discuss in person or by email but please respond.

For our [Rotary info spot](#) this week you will find a story on how Rotary created a rodeo school in Qld,

Cheers for now
Pres. Eric
