

KATOKE - LWERU - SEC. SCHOOL,

P.O. BOX 275,

MULEBA, TANZANIA

22/06/2016

Dear Engadine Rotary

I hope that you are fine and you are going on with good life in Australia. In Tanzania the life is good in 2015 when we chose the new president

I thank God am still alive and am going on well with my studies and am improving in studies. The life at school is good there are many games we play and I prefer playing football and basket ball these are my best games I like and the subjects I prefer are Physics, Mathematics and Biology at this school teachers are teaching well and we understand.

The purpose of writing the letter is to thank you for sponsoring me. May God bless you a lot and multiply on what you have. In form two there are many things which are new to me but the good thing is that God helps me to understand

Yours faithfully

Julius Johannes.
