PO Box 138, Ingleburn NSW 1890

The Board and Members of the Rotary Club of Ingleburn wish each, and every one of you, a very

Club Celebrations: January & February 2024

January 2024 will see 3 people celebrating their birthdays: **Rotarian Fiona McKinnon** (22 Jan), **Brian Taylor** (26 Jan), and **Rotarian Russell Howes** (30 Jan).

We step up to 5 people celebrating birthdays in February: **Rotarian Cheryl Armishaw** (5 Feb), **Jenny Woolfe** (6 Feb), **Jason O'Toole** (10 Feb), **Rotarian Mohamid Khalil** (12 Feb), **Sue Morrison** (14 Feb).

We wish each, and everyone, of you a wonderful birthday!

Congratulations and best wishes to the following couples as they celebrate their anniversary the start of 2024: **Rotarian Syed & Sumaya Akram Ullah** (2 Jan), **Rotarian Cheryl & Gary Armishaw** (13 Jan), **Rotarian Kaiser & Khaleda Ahmed** (21 Jan), and **Rotarian Jan & Kaylene Domanski** (20 Jan).

In February, **Rotarian Moana & William Strickland** will also celebrate their anniversary (14 Feb).

Cheryl Armishaw and **John Hartmann** will celebrate 12 years of service to Rotary on 1 January 2024.

In February the following persons will celebrate their service anniversaries:
Brenda Simpson, 4 years on 4 February, **Gail Taylor**, 6 years on 6 February, **Peter Flew**, and **Javed Akhtar**, 5 years on 19 February, and **William Salter**, 22 years on 26 February 2024.

Our club sincerely thanks you all for your continued service and support of Rotary International and our community.

January is

VOCATIONAL SERVICE MONTH

INTEGRITY AND ETHICS

Rotary emphasises integrity and high ethical standards. Two standards, developed by Rotarians — *The Four-Way Test* and the *Rotarian Code of Conduct* — provide a road map for ethical behaviour in the workplace and other areas of life.

THE HISTORY OF THE FOUR-WAY TEST

The Four-Way Test was conceived in 1932 by businessman Herbert J. Taylor, a member of the Rotary Club of Chicago, Illinois, USA, who served as Rotary International president in 1954-55. Having taken on the task of saving a company from bankruptcy, Taylor developed the test as an ethical guide to follow in all business matters.

The company's survival was credited to this simple philosophy. Adopted by Rotary International in 1934, 'The Four-Way Test' remains an essential standard against which Rotarians measure ethical behaviour. It has been translated into dozens of languages and promoted by Rotarians worldwide.

ROTARIAN CODE OF CONDUCT

The Rotarian 'Code of Conduct' provides a framework for ethical behaviour that all Rotarians can use, together with The Four-Way Test, in their business, and professional, activities. As part of Rotary's guiding principles and the Avenues of Service, Vocational Service calls on Rotarians to empower others by using their unique skills and expertise to address community needs, and help others discover new professional opportunities and interests. The Code of Conduct can help you gain a better understanding of vocational service and provide you with ideas to practice it through your service activities, in your personal life, and in your career.

SKILLS AND OCCUPATIONS

By including men and women from diverse professions and backgrounds, Rotary recognises the importance of all skills and occupations. A vibrant Rotary club reflects the businesses, organisations, and professions in its community, embracing diversity in experiences and perspectives. Your professional life and vocational service go together. Rotarians have a dual responsibility: i) to represent their occupations within their club, and to, ii) exemplify the ideals of Rotary in their places of work.

TAKE ACTION

Join a Rotarian Action Group and support service projects around the world. These independent groups include Rotarians, family members, and Rotary program participants, and alumni who have expertise in a particular field. Members advise clubs and Districts and collaborate with them on service projects. Learn more at rotary.org/actiongroups.

Join or form a Rotary Fellowship that's related to your vocation. Rotary Fellowships are international groups of Rotarians, family members, and program participants, and alumni who share a vocational or recreational interest. Many fellowships are related to professions, such as Editors and Publishers, Health Professionals, Lawyers, Photographers, and Police and Law Enforcement. See more at rotary.org/fellowships.

Volunteer to work on a service project and use your vocational skills to serve others. Think about the skills that make you successful in your profession: Maybe you have training in some branch of science or medicine,

are handy with tools or machinery, know how to start a business, have expertise managing finances, or can influence others through public speaking or writing. Use your unique set of talents to make a difference in your community.

Share your expertise through your District resource network. If you have technical expertise in one of Rotary’s seven areas of focus; or with project planning and implementation; community assessment, measurement, and evaluation; or other important aspects of large-scale project grants — let your District International Service Chair know. Lend your skills to local clubs and help develop projects with greater impact.

Participate in a vocation-related Rotary Friendship Exchange. Work with your District Rotary Friendship Exchange Chair to organise an international, reciprocal exchange between two Districts interested in exploring a professional field in a new cultural context. Involve young professionals, and organise activities allowing exchange participants to experience cultural immersion while exploring their field in a new environment

Note:

District Governors-Elect will meet and finalise their training at the Rotary International Assembly, Orlando, Florida USA from 7 January to 11 January 2024. We wish them success as they prepare for their District Governor year.

February is

PEACEBUILDING AND CONFLICT PREVENTION MONTH

February is a special month for the Rotary community as it is designated as *Peace and Conflict Prevention/Resolution* Month. During this time, Rotarians across the world celebrate their commitment to promoting peace and resolving conflicts.

Conflict and violence are, unfortunately, all too common in our world, leading to displacement and suffering for millions of people, particularly women and children. The Rotary family is dedicated to addressing the root causes of conflict, such as poverty, lack of education, and unequal distribution of resources, and works tirelessly to build peace, and prevent conflicts from escalating.

Rotarians provide training to adults and young leaders to help prevent, and mediate conflicts, and offer aid to refugees who have fled dangerous areas.

During this month, Rotarians take the time to reflect on their efforts, and recommit to promoting peace, and reducing conflict in their communities and beyond. Through their efforts, Rotarians are helping to create a brighter, more peaceful future for us all.

Note:

On 23 February, it is the anniversary of Rotary’s commencement by Paul Harris in Chicago back in 1905.

Merry Christmas everyone; may 2024 be a prosperous and enjoyable year for you and your family.

CHRISTINE SALTER
Bulletin Editor, 2023-24

Rotary Foundation

Recently the Rotary Club of Ingleburn was asked by a Club in Bangladesh to participate in a Global Grant Project; however, given the current projects, the fundraising opportunities, and reserves, we had to decline the opportunity. The Board resolved to look at what prospects there are to engage local community groups which may be able to assist with such overseas based projects.

Unfortunately, our club members, similarly to many other Rotarians, have not had the opportunity to experienced Global Grant Projects and what they entail.

I recently read an article titled *“Has your Club ever delivered a Global Grant Project?”* which I thought may be of interest and, for the benefit of members, I submit an abridged version.

Every club should aspire to undertake a Global Grant project in its lifetime. We contribute to the Rotary Foundation so we should, therefore, take the opportunity, as a club, to gain the benefits, both personal and financial, that such a project provides.

Global Grant projects are not as difficult as one may think because there are extensive resources available in our region.

1. One of the most underutilised resources is the [Cadre of Technical Advisers](#). Members are experienced Rotarians who are available to assist. They have successfully completed, reviewed, and assessed multiple Global Grants. They offer their technical expertise and services, through the Rotary Foundation, to help clubs navigate both the application and delivery process. A list of them, together with their skill sets, is located in [My Rotary](#) under the Reports tab. There are nineteen in Australia; just search by country.
2. The minimum size of a Global Grant project is USD30,000. Every District has District Designated Funds (DDF) that clubs can access, which will be matched 80c to the \$ by the Foundation. So, if your club provides USD5,000, and your District provides DDF of USD15,000 then, together with the USD12,000 automatically matched from the Rotary Foundation World Fund, you will have accumulated USD32,000 for your project. If USD5,000 is too much for a small club to raise, you can share the project with any number of clubs, or get an outside partner, to help meet your financial target.
3. The next step is to choose a project. The easiest way to do this is to work through a member of your club who has contacts in your Area of Focus, or countries of interest. These contacts, and cultural understandings, make it so much easier to develop, and manage, the project.
4. You, as the international partner club, need to find a host Rotary club in your chosen country to partner the project. It is best, but not essential, for the host club to be based close to the project’s location. Sometimes this is difficult because developing countries may have few clubs; you can be the host club for a project in your country with an international partner from another developed country. The relationships developed between the two clubs become enduring and is one of the rewarding side benefits.
5. The application is made online and, apart from the detailed budget for the project, there are two critical elements that need to be completed:
 - **Community Needs Assessment:** You need to demonstrate, by survey or consultation, that the community really needs what you are offering. In fact, it is much better to survey the community needs first, and then develop a solution that could be offered as a Global

Grant. This is why a local contact, through a Rotarian, is so helpful.

- **Sustainability:** You need to demonstrate the completed project not only will meet its immediate goals, but its impact will extend over many years. This may mean that there needs to be a training component to upskill the benefiting local community.

It will be one of the most rewarding activities a club can get involved in.

Wishing all a happy Christmas and the best in 2024.

PDG BILL SALTER
Foundation Director 2023-24

Community Service

Santa Comes to Campbelltown

You better watch out,

You better not cry,

Better not pout,

I'm telling you why:

Santa Claus is comin' to town.

Yes indeed The news had spread that the jolly man in the red suit was coming to Glenfield for a surprise visit in early December!

He's making a list

And checking it twice,

Gonna find out

Who's naughty and nice.

Santa Claus is comin' to town.

There was great excitement as we made our list, and checked it twice, ready for a community barbeque to celebrate Santa's arrival in Campbelltown.

It was a drizzly morning, but nothing could faze the enthusiasm as Rotarian Jim assisted me to load up the truck with portable BBQs, tents, floors, gas bottles, tables, and all the other paraphernalia which goes with events in open spaces in parks.

At the park, Rotarians Stef, Beth, Brenda, Drew, and Bill were eagerly awaiting the arrival of the truck so that they could all help to assemble the large Rotary marquee (it is a six-person job!).

But alas! What's this? The grass was long and not mown, but worse still, our allocated site had a real slope on it. (Ever tried cooking on a barbeque that is sloped to one side? All the sausages would roll off!)

After a quick spot of negotiation with the organisers, we were able to adjust our position so that it was not sloping as much. Whew!

So, it was tent up, floor down, gear unpacked, barbeques assembled and connected, and we were ready to roll. Throw the sausages and onions on the hotplate and ice the drinks, it won't be long before the crowds arrive.

And arrive they did business was slowly building as more people arrived closer to the time of Santa's impending arrival. But the first dozen or so customers didn't bring any cash with them, and we were awaiting the arrival of our EFTPOS machine from the Saturday Wheel at Minto Marketplace.

After a short while, Rotarian Cheryl arrived, having driven the EFTPOS machine from Minto to Glenfield. She brought a smile to many faces when they realised that they could now get one of our tasty sausage sandwiches and a drink using their card.

During the morning, Santa arrived in a double decker bus with police escort, the sun came out, and more people came to the park. Everyone was happy and having a good time.

But as the monkey said when he got his tail caught in a revolving door "it won't be long now". And he was right!

Before we realised it, Santa was saying his farewells to move to a new location, and it was time for us to clean up, pack up, and head for home. Weary and tired, our great Rotarians had once again given their time and efforts to support individuals and families in our local community.

Post note I did notice that one of Santa's elves was looking a bit glum and when I asked Santa about it, he said that the poor fellow was just experiencing some low elf-esteem at the moment!

HO HO HO

Carols in the Garden

It was a hot Friday afternoon with the temperature in the very high thirties with a possible storm predicted. Did that faze our Rotary club? Never! Our mission was to cook a barbeque for 250 people at a special Christmas Carols night at Minto Gardens. Residents and their families were invited to attend to join with the families from Campbellfield Public School to enjoy some great food, and to sing along with the carols.

Did the heat beat us? Not on your Nellie!!

Rotarians Stef, Fiona, Brenda, Gail, Rosslyn, Barry and his wife, Jenny, and Friend of Rotary Suzanne Taylor all worked efficiently to help Rotarian Peter unload supplies, set up the drinks with ice (absolutely essential in the heat), fire up the barbeques, and load on the sausages and onions ready for the hungry crowd. A mammoth effort on such a hot and uncomfortable afternoon.

With the scent of a good barbeque wafting through the air, it wasn't long before the first of the residents and their families started walking down to our picnic area. They brought folding chairs and picnic rugs and claimed their spot ready for a night of carolling. Families from Campbellfield Public School were soon arriving and joined the residents on the picnic lawns.

Ms (and Friend of Rotary) Polly Grundy from the school has had a choir in training for several terms, and they were the star attraction on the night performing many carols and inviting the audience to join in with the community singing.

Thanks to Minto Gardens Manager, Kate, and her staff for assisting us in many ways and for making this event possible; also thanks to Polly and her students for their beautiful voices.

MYRTLE COTTAGE GROUP: BELL PROGRAM (DEMENTIA) CARERS' CHRISTMAS PARTY

On Saturday, 9 December, the Rotary Club of Ingleburn, and the Lions Club of Ingleburn, supported the Bell Program Carers' Christmas Party by cooking the BBQ lunch. Rotarians Barry and Bill together with Lions Jim, Gail, and Michael arrived at 10:00 am on a hot Saturday morning. The sun was up, and the perspiration pouring!

In our usual style, the lunch was cooked on time for 100 party goers, with the cooks invited to join the lunch festivities. Many guests complimenting the chefs, and Myrtle Cottage kitchen staff who prepared the salads and desserts.

Activities like this, while not a fundraiser, are very enjoyable and satisfying.

Myrtle Cottage is appreciative of the support from both Rotary and Lions with both organisations recognised as supporters on their website.

*BILL SALTER
For, and on behalf of, Peter Flew, Projects Director*

Ingleburn Rotary wishes a happy and peaceful Christmas to all.

PETER FLEW
Community Service Director 2023-24

The Words and Wisdom of Paul Harris

Christmas is a practice day. Men put into practice the best precepts that they have learned, the best that they know, the best that it is possible for them ever to know. Giving takes the place of gaining. If the future growth of Rotary is as remarkable as its past and, if Rotary remains true to its highest ideals, every day will be Christmas by and by.

THE ROTARIAN, December 1915

International

Whilst there is no International Report for December, I would like to take this opportunity to wish all a very happy Christmas and a prosperous 2024.

GAIL TAYLOR
International Director 2023-24

Membership

The Rotary Club of Ingleburn is known for upholding the motto of 'People of Action' and is always looking for new members.

Should you know anyone with a passion to serve our community, please have them contact us.

KICKING A WINNING SCORE

In sport, most often the team that kicks the most goals, wins the match.

It takes a team to produce a run of successful passes to end up at the goal line – but we also know in advance where our goals are, and the direction that we need to move towards, to achieve that ultimate goal. If we look at **Team Membership** what are our goals for this Rotary season?

Our overall goal is for team success. We need to embrace the concept that team comes first – and we can only really achieve success by working and supporting each other. Our team is made up of various players, with individual talents, but we only achieve the ultimate by each team member playing to their strengths. Our players include all Club members and can be supported by District personnel.

Goal one is about increasing the teamwork and bond between Rotary, and Rotaract, if a club is sponsored. Rotaractors are equal, and valued, partners in service alongside Rotarians, and we both need to create opportunities to get to know each other, and to work together. The simplest way to do this is by working together on service projects, events, and community activities. Inviting each other to attend a meeting is often the first, and very simple, step.

Goal two is about whether there is an opportunity to create a corporate club, or include corporate membership? Has there been a new major employer moved into your area? Inviting potential members to attend a few club meetings or service projects as a **"try before you buy"** is a wonderful way for prospective members to view the club in action.

Goal three is to partner with Districts Membership Chairs (DMC). DMCs are in the ideal position to create District and club membership activities. Reviewing membership assessment tools can enable clubs to determine what their members want from their membership. This can also assist to find engaging activities that can contribute to the comfort, care, and retention of volunteers.

Goal four is to work by collaborating on workshops for member needs. There are numerous resources available on MyRotary and Rotary Club Central to nurture clubs. We simply need to spend some time reviewing what is available, and tapping into an area that is applicable. For example, attraction and retention rates can be viewed, and strategies can then be developed making use of this data. Sharing ideas and tips for successful growth activities can be done by contacting other clubs within our District.

As team membership, we need to continue to collaborate, work, and communicate with our team members (club members) – if we do this, we have the capacity to be unstoppable.

Wishing everyone a Happy Christmas and all the best for 2024.

BILL SALTER & DREW PERCIVAL
Co-Membership Directors 2023-24

The Words and Wisdom of Paul Harris

If this Rotary of ours is destined to be more than a mere passing thing, it will be because you and I have learned the importance of bearing with each other’s infirmities, the value of toleration.

*THE NATIONAL ROTARIAN, January 1911
The premiere issue of the official magazine*

New Generations

INTERACT

We received wonderful support from both the Hurlstone Agricultural High School, and Sarah Redfern High School Interact students for our Gifts of Hope program (*reported elsewhere in Ingle Angle*). Numerous students from both schools attended on the wrapping day and assisted in various ways to support the operation in the busy room.

Sarah Redfern students also made, and sold, Christmas cards to provide financial

support for gifts.

Our sincere thanks go to the students, and the Co-ordinators, in both schools.

RYLA (Rotary Youth Leadership Awards)

The good news is that RYLA will go ahead in January 2024 after being in some doubt due to lower numbers than expected.

Ingleburn Rotary now has two candidates - Isabel Prasad and Joyce Thomas - to attend RYLA. Both attended, and addressed, the Club meeting on Tuesday 19 December.

Best wishes for Christmas and 2024.

BARRY WOOLFE
New Generations Director 2023-24

Vocational Service

VOCATIONAL SERVICE - *this is both a Club, and members, responsibility.*

A reminder to ALL that the Pride of Workmanship event and presentations will be held on the evening of **Tuesday, 26 March 2024** at the Ingleburn RSL. Kindly mark the date in your diary.

For those not sure about ‘Pride of Workmanship’, this is a program run by several Rotary Clubs where people (employees) from businesses, schools, charities, and organisations in their local area are identified by, and nominated by, their employers for acknowledgement due to their quality and helpful work. The motto to this - **‘DO IT ONCE DO IT WELL’**. In effect, an award for an employee(s) to give them support and appreciation for their efforts.

I, (the Club) are seeking names of employees that you have dealt with who demonstrate quality in their work, and that you believe are a real credit to their employers.

Letters will be sent to various employers in the second half of January 2024. I invite you to think seriously about a suitable recipient, or recipients, of these quality awards and to provide me with the names of employees and employers so letters and information about the awards can be provided. There is a process that needs to be actioned to allow time for plaques and certificates to be ordered and received well before 26 March.

Merry Christmas to ALL, and I hope you have an enjoyable 2024.

DREW PERCIVAL
Vocational Service Director 2023-24

Mental Health Committee

MINTO GARDENS 12 DAYS OF CHRISTMAS

Our relationship with Minto Gardens continued to grow leading into the festive season.

The Retirement Village created an engaging 12 Days of Christmas program which saw the residents undertake a number of activities.

The Rotary Club of Ingleburn supported a number of the days:

- Connecting through cards – a handmade card with a Christmas message let each resident know that they mattered, and were in our thoughts;
- Providing a BBQ for the Christmas Carols evening with Campbellfield Public School leading the singing;
- Partnering with a number of organisations, and local artists, to run a Christmas market for the residents to shop for the festive season;
- Featuring Santa at the Aussie Christmas luncheon with ‘Hands on Heart’ providing BBQ skills and handmade gifts to all;
- Running a Christmas craft workshop for residents and staff; and
- A team of amazing gardeners (friends and like-minded people connected to Rotarians) gifting each resident with a succulent garden to adorn their balconies.

With an impressive array of projects, heartfelt thanks go to all those who crafted, created, and connected with Minto Gardens Retirement Village in December.

Before:

During:

End Product:

Wishing everyone a very happy Christmas and best wishes for 2024.

Beth, on behalf Ingle Minds.

BETH GODWIN
Mental Health Committee 2023-24

Social Committee

The Festive Season is here!

The many club activities and events of the past weeks (*reported elsewhere in Ingle Angle*) have also been great opportunities for social interaction between members, their partners, families, and friends as well as with the community. Many have commented on what fun we are having when we are out there serving the community together, which is great for the image of the club and Rotary.

Gifts of Hope sorting, wrapping, and delivering was wonderful for camaraderie and connection.

The various activities over a number of days at Minto Gardens likewise.

There will be a social event for Ingleburn Rotary members, partners, and Friends of Rotary in January; invitations for that have been sent.

A number of social events are to follow, and they will be announced at the start of the year.

The Social Committee wishes all a very *Merry Christmas* and a *Happy New Year*.

DREW PERCIVAL, GAIL TAYLOR & JENNY WOOLFE
Social Committee 2023-24

Please note: The next edition of Ingle Angle will be mid-February due to the editor going on holidays.
