Sydney Marathon

Course Marshals - volunteers needed!

Rose Bay Rotary has been involved with the course marshalling of this Sydney Running Festival Marathon for the past 10 years.

- This year sees the Sydney Marathon becoming one of the Abbott World Marathon Majors. This is the major status alongside London, Tokyo, Berlin, Chicago, Boston, and New York.
- There is expectation the number of participants will go from the 5000 in years past to 25000 this year. The reason being it has become a major marathon event in the year's calendar.
- Our Rotary team has been stationed in the Moore Park area - Course Zone 6. In years past we have provided **22 volunteers**. At this point of time, the organisers have hinted they will require more volunteers for this year's event.
- We are waiting to hear if more sections will need to be covered by Rotary Course Marshals.
- \$70 per volunteer for about four hours of attendance.
- Assemble at 0645 on the morning and are normally on your way home at about 1100.
- Considering the scale of the event this year, a great opportunity for Rotary to have its branding visible in our area of the course. By branding this would include clothing apparel and such items as Bali Banners.
- There will be **considerable international media coverage of the event**.
