Probus Club of St Peters – Visit to the Rotary Shed

On Friday 12th November 2021 at 10 am, the Probus Club of St Peters will be holding their regular monthly meeting in the St Peters Youth Centre in Dunstone Reserve.

During the meeting I have, with David Heilbronn's consent, arranged for their members to visit the Rotary Shed. Being a Friday morning, the Rotary members, partners and volunteers will be working at the shed so the Probus members will see all the preparation that goes in to operating the Shed. We will also explain to members what the funds raised are used for and what other projects the Club undertakes.

Probus Club of St Peters – Visit to the Rotary Shed (cont)

Several Rotary Club Directors usually work at the Shed on Fridays, so each one or their representative could give a brief summary of their committee's projects.

I see it as an opportunity to publicise what the Rotary Club is doing and it is possible that some Probus members may be willing to become involved in Rotary activities or become volunteers.

Youth

RYLA September 2021 Graduation Dinner

It was a great evening of celebration as 36 young people aged 18 to 25 received their Rotary Youth Leadership Award. Apart from an excellent dinner and the excitement of youthful exuberance it really emphasised the importance of the 7 fulfilling days of learning, self-testing and identifying personal strengths for these new ambassadors for Rotary.

The Youth Committee had sponsored Corey Lehman to attend RYLA. Corey is nearly 24 years old and is a physical engineer working in the field of metal assay (especially gold).

He has been a Rotaract member for several years and, on arriving in Adelaide from interstate, he joined the Uni of Adelaide Rotaract group. A keen pianist and likeable chap he had made many new friends during the week and had clearly found it stimulating. We plan to involve Corey in the St Peters Rotary Club family as soon as possible and look forward to his involvement with our club.

RYLA is a superb vehicle for developing a range of skills in young people through a mentoring approach, and the friendship and development of trust within the group was amazing. Congratulations to the training and mentor support team. You are doing a great job.

We were additionally fortunate to have our RYLA student from the April 2021 group share her experiences at a recent club meeting. Emelia Moore also had a great time and had made many friends and had re-evaluated her decisions and possible future pathways after completing her psychology degree next year. Her talk made me wish I could turn back the years and experience this opportunity. The number of different student nationalities involved in the RYLA experience was also as eye opener boding well for our future.

The Briars Special Kindergarten

Sue Bardy and Romaine Dawson visited The Briars recently and negotiated a small project to support severely handicapped new arrival children. Many of the children are unable to communicate and are taught to use a special machine which looks like a mini ipad. This Augmentative and Alternative Communication (AAC) device assists the children with their communication and access to the curriculum. Families who are eligible to access NDIS support will quite often be funded for their AAC needs. The Briars will purchase AAC devices solely for those who cannot access NDIS support, for example new arrivals. By doing this they will be giving every child at The Briars an equal opportunity to build on their communication and access their curriculum.

Rotary Club of St Peters - Weekly Bulletin – 20211019 – 19 October 2021

The Briars have families whose only mode of transport is public transport. These families are so dedicated in getting their child to kindy that they struggle on public transport every kindy day. Sometimes these families are unable to attend due to the weather, finances or other factors impacting their transport, so the child/children miss these days. These particular families would benefit from a taxi voucher as they would be able to attend more often.

Our \$1000 cheque which will purchase one AAC device and with the balance providing taxi vouchers was presented to the Principal, Gordon Coombes.
