**AllKids Garden Party – This Sunday 27<sup>th</sup> March**

**Hi Rotarians & Partners,**

Just a reminder that the AllKids Garden Party is to be held this Sunday, 27<sup>th</sup> March, 2pm to 5.30pm. The venue is the St. Peters Girls School, Stonyfell Road, Stonyfell on the Chiverton Lawns & Gardens. This area is located to the right of the school office building & is easily accessed from the parking in front of the office. There is also a second car park on the northern side of Stonyfell Road opposite the school office. The weather is looking good so I am sure that all those attending will have a great afternoon. Although we are under a tree canopy I would suggest that you bring a hat as some of the lawns are in the sun.

**Finger food.**

Thanks to the Rotarians who have offered to donate finger food. This food can be delivered directly to the school on Sunday morning at 10am. Just park your car in the car park in front of the school office & take the road on the left hand side. The home economics centre is located a short distance down the road on the right hand side.

**Bottled Wine**

Thanks are extended to the Rotarians who have already donated wine for the Wine Wall. I will deliver them to AllKids Offices at Trinity Gardens this Wednesday ready for the event.

**Set Up & Tidy Up.**

For those Rotarians & partners who have offered to assist in the set-up we will be starting at 10am on Sunday morning. We will meet on the Chiverton Lawns & Gardens. This should not take that long as the heavy lifting of tables & chairs will be done by school staff.

The tidy up will commence at 5.30pm. Please stay & assist with this.

**Thanks to all the Rotarians, partners & guests who are supporting the event.**

**Phil Smith,**

**International Chair.**

TO BE HELD ON THE BEAUTIFUL CHIVERTON LAWNS AND GARDEN AT ST. PETERS GIRLS SCHOOL, STONYFELL ROAD, STONYFELL

### Guest Speaker

Chairman Phil Smith introduced our Club Member **Mary-Anne Hannay**.

Mary-Anne was brought up in the Barossa Valley with three siblings. Her father and grandfather were both in the medical profession.

Mary-Anne attended Angaston Primary School and remains friends with eight of her former classmates.

In Year seven Mary-Anne became a boarder at Woodlands – an all-girls school. Later she was the Boarding House Head Girl.

Mary-Anne went on to the Kindergarten Teachers College and later to the Murray Park Campus.

Her first years as a teacher were at St Monica's Walkerville.

Several country postings followed as she met and married her husband.

They had three children, Nicholas, Michael and Sarah.

Mary-Anne has fun with four grandchildren aged 5,4,3 and 2 years.

**Rotary Journey** - Mary-Anne's father was a Rotarian.

The family hosted two exchange students with whom they have kept in touch with a strong bond.

Mary-Anne joined Rotary in 2016 when she moved to Adelaide.

Her motivation: to give to others.

Mary-Anne is a member of the District 9510 Youth Committee. She says she joined St Peters for active service.

We welcomed Mary-Anne into our Club on 8 February 2022.

The Vote of Thanks was delivered by Brian Kretschmer.

**Flashback to the SA Women in Rotary Breakfast held on 9 March....**

**International Women's Day Breakfast – National Wine Centre**

Three Rotarians, Ms Wendy-Ann Tansley from the Zahra Foundation, Helen Bowley and two guests from our Club enjoyed hearing of the work of Dr Trudy Lin.

**DR TRUDY LIN | 2022 SA YOUNG AUSTRALIAN OF THE YEAR | 2021 SA YOUNG ACHIEVER OF THE YEAR**

**Dr Trudy Lin is one of only 24 Special Needs Dentistry specialists, providing oral healthcare to people with disability, psychiatric conditions, and complex medical conditions such as cancer. She also treats people experiencing homelessness, trauma, and domestic violence.**

Trudy works as a consultant at the Special Needs Unit of the Adelaide Dental Hospital and is an Honorary Senior Clinical lecturer at the University of Adelaide.

Trudy is pictured here with Arthur Manser at another event.

**Zahra Foundation – Walk or Run Fundraiser – Sunday 21 March – Grange to Henley and back**

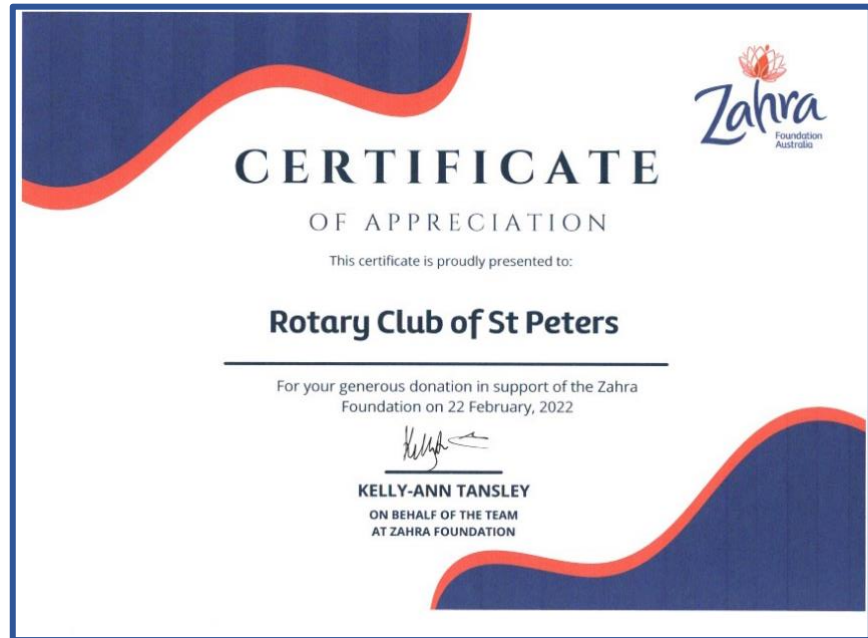

Following the presentation from Kelly-Ann Tansley from the Zahra Foundation on 22 February, six members from the RCStP formed a team to walk the 4 km round trip to raise funds.

It was a perfect day weather wise and we were proud to represent our Club. It was great to see Kelly-Ann and also to meet Arman Abrahamzadeh OAM GAICD. We since made contact with Arman who has agreed to present to the Club next year. Our aim is to broaden the number of participants in this annual event in order to further support the work of the Zahra Foundation.

**Zahra Foundation – Certificate of Appreciation**

The Club donated \$1,000 to the Zahra foundation. We received the following Certificate of Appreciation.

Some members of the RCStP Team with Kelly-Ann Tansley, General Manager of the Zahra Foundation.

## A Groundbreaking Opportunity for Rotary Service

### Health Care Facilities – the hidden WASH challenge

The tremendous damage to communities inflicted by the recent pandemic has forced many of us to rethink priorities. As health care workers globally have struggled to deal with a deadly virus, light has been shed on an often-ignored need. All the PPE in the world, all the medical know-how and resources, are useless until we address the fundamental, underlying need for basic water, sanitation and hygiene (WASH) services in health care facilities.

Not many people realize that a quarter of all health care facilities, globally, have no basic water service; as many as 1.8 billion people are exposed to infection due to lack of safe water every day. One in three people have no handwashing facilities at the point of care, 10% have no sanitation.

## Health Care Facilities – the hidden WASH challenge (cont.)

This grim picture prompted a call to action by UNICEF and the WHO. **They have set an ambitious target:**

- **80% of health care facilities (HCFs) to have WASH services by 2025,**
- **100% of health care facilities to have WASH services 2030**

This is the sort of challenge that Rotary was born for. Clubs everywhere are encouraged to implement WASH related projects in all health care facilities – whether they be hospitals, clinics, maternity wards. The reasons are many. WASH is:

- Essential for safe, effective care and preventing deaths.
- Fundamental to infection prevention and control
- Prerequisite for stopping Covid-19
- Top priority for women receiving maternal care.
- A “best-buy”: paying for itself in one year, saving \$1.50 for every dollar invested thereafter...cont

## .....Health Care Facilities – the hidden WASH challenge

According to a 2019 Survey conducted by the White Ribbon Alliance:

*"1.2 million women tell us they are fed up with giving birth in dirty and disgusting conditions. They want clean toilets in maternity wards. They want soap and water to wash themselves and their babies after birth."*

As Antonio Guterres, UN Secretary-General states:

*"Water, sanitation and hygiene in health facilities are the most basic requirements of infection prevention and control, and of quality care"*

Some 100 humanitarian organizations have committed to the above goals, including government agencies, private sector, universities and non-governmental organizations (NGOs). They include prestigious organizations like Water for People, WaterAid, Emory University, Makerere University, Engineers without Borders, Hilton Foundation, USAID, Water Missions and AquaTabs. And, the WASH Rotary Action Group is proud to be included in their ranks.

**WASH-RAG's goal is to help every Rotary club access the resources needed to implement a sustainable project.** These resources include tools such as WASH FIT (Water & Sanitation for Health - Facility Improvement Tool, designed by UNICEF, 2019). to help agree on priorities, and the “Advocacy Roadmap” to help bring about change in the community.

Is there a need in your community? Are you ready to help address it? If so: **Visit your local hospital. Talk to the staff and patients. Walk the wards, look at the toilets.**

Would you want your wife to deliver your baby there, or go for surgery?

[WASH-RAG](#) can help you take that next step.

Yours in Rotary

Ron Denham, Chair Emeritus  
WASH Rotary Action Group
