He is married to Amy who is also a worker for the Salvation Army. They have 4 young children under 9 years including twin boys who are 18 months old. Family life is very busy.
- Aaron's office is based at the Paradise school but they are hoping to move into independent offices in the future.

26th ANNUAL MUSIC NIGHT

The Forge, Marryatville High School

6.30 pm Tuesday May 24th 2022

| Admission \$5

Map of the school showing The Forge. The only entry into the car park is
from The Crescent off Kensington Rd (just below St Matthews Church).

This should be very enjoyable with 10-12 individual student performers from several local high schools, plus the famed Marryatville HS Concert Band.

Come if you can for a memorable evening.

Good afternoon,

I write to invite you, your family and your friends to attend my Annual Austerity Night at the Norwood Salvation Army on Tuesday 24 May from 6:30pm – 7:30pm. Please see invitation attached.

The Austerity Night is a fantastic community event to enjoy a cup of warm soup and share in supporting two very worthy causes – Operation Flinders and the Salvation Army. This will be the eleventh year that I have had the privilege of hosting this event as the Member for Dunstan.

Both the Operation Flinders and the Salvation Army provide incredible support in our local community and the funds raised at previous years Austerity Nights have contributed to outstanding work. This includes Operation Flinders, engaging with at risk youth, providing valuable life skills and friendships and the Salvation Army offering practical assistance to those doing it tough in our community.

Mawson Lakes

This book was a 3 year project of the Rotary Club of Mawson Lakes precipitated by the 30th anniversary of women's right to join Rotary. It features 40 amazing women, celebrates their contributions to Rotary District 9510 (formerly Districts 9500 and 9520) and highlights the diverse contributions made by Rotarians to each other and to their communities. These women are inspiring and their ideas and experiences will help us to understand the way forward for Rotary.

Building a School for the World's Poorest Children

"A donation of land and \$10 was all Australian born Gemma needed to establish the School of St Jude in Tanzania."

ABC Radio Listeners of Conversations may have heard Gemma Sisia from the School of St Judes just last week.

The program, **Building a School for the World's Poorest Children**, is available on Podcast. Gemma's Conversation is well worth a listen. How that School has grown is a wonderful success story. Our Club is a proud long-term supporter of a student at St Jude's in Tanzania.

Dear ,

You might have noticed that I mention 'holistic education' quite often and perhaps you're wondering why.

Educational experts all over the world agree that a holistic education, one that aims to educate the whole student, is the way to go. A holistic education is about more than classroom learning; it's about giving students opportunities to pursue their passions, to challenge themselves, to think creatively, to move their bodies and to develop values for life.

Through holistic education, I believe our students will become the moral and intellectual leaders Tanzania needs to fight poverty.

In this month's newsletter, read about some of the ways we're working towards truly holistic education. Meet our student prefects and learn about how leadership is encouraged at St Jude's. Hear from staff mentors who guide extracurricular clubs, then join us on the sidelines at St Jude's first interschool basketball tournament.

On the podcast this month, hear from Mr Beda, one of our wonderful music teachers, about the role of music in holistic education.

All the best,

Gemma

PS. Don't miss our video featuring Form 5 student, Brayan, who explains our scholarship application process from a student's perspective.
