Report of Meeting 3338 held at the Kensington Hotel

Sergeant Keith Payne called the meeting to order and **David Heilbronn** gave the Invocation and Toast.

Keith introduced **Vice President Pam**.

Pam welcomed Guest Speaker District Governor 9510 24-25 Marie-louise Lees.

It was great to see Peter Hewitt returning to good health.

Also visitors Glenda Hedley, guest of Keith Payne and Pam's grandchildren Hayden and Jett.

President's Announcements

- We send greetings to Rotarian Mary-Anne Hannay who is recovering from a broken arm and other injuries. Ann McIntosh has kindly agreed to step up and help with the Design and Creativity Awards – 12 November. Please let us know if you can help. Schools have begun nominating participants.

President’s Announcements (cont.)

- **Norwood Christmas Pageant**
Our Treasurer Pauline Yates is coordinating our Club participation in this event. Thank you to all have responded to this request. Pauline will be sending information to all participants this week
- **Writer and Readers Festival Norwood Town Hall this weekend**
Chris Soulidis is co-ordinating this free 2-day event. Chris is a friend through the Shed. Details P4.
- **President Wendy** will be back next week – rest assured her Rotary work has kept her busy

Tuesday 12 November	San Giorgio La Molara Centre	Design & Creativity Awards	Rotary Club of St Peters

Guest Speaker Mrs Marie-louise Lees District Governor 9510 2024-2025

Marie-louise, known as M-I, joined Rotary in 2012 and is a member of the Rotary Club of Gawler Light. Marie-louise is a Certified Professional Engineer.

M-I has been active at club and district level. Clubs include President of the Rotary Club of Gawler 2017/18 and Gawler Light 2021/22. District roles include Assistant Governor, NYSF committee, Australian Rotary Health Committee, District 9500-9520 redistricting committee, and the Rotary Foundation Committee, including serving as District Rotary Foundation Chair for 2020/21 to 2022/23. She was District Conference chair for the 2019/20.

M-I spoke of her professional journey as a Petroleum Engineer. As a child she was always interested in science – how and why things happen.

At school she developed a passion for Maths and Physics. Her mentor was a teacher – Mr Brodie, who suggested she pursue Chemical Engineering.

This led to M-I attending a Summer School where she learned as much as possible about Oil Production leading her to University to gain a Chemical Engineering degree.

M-I's first job was as a petroleum engineer. A petroleum engineer is involved in producing oil and gas from up to 4,000m underground. Specialists in the field deal with drilling, completions and production.

i.e. How much oil and gas is there and how to get it out!

This process does **not** contaminate underground aquifers.

Oil and gas have helped the population of the world gain a quality lifestyle. M-I posed the question:

**“Our Energy Transition Challenge
How do we maintain our lifestyle, but
reduce our environmental impact?”**

M-I is optimistic of success.

The presentation was very engaging with many members asking for further information.

Dennis Henschke gave the Vote of Thanks.
