Our Story

By Paul Otto, founder of AllKids

In 2010 I came to Cambodia to supervise the construction of a village and clinic for HIV children in the Commune of Ream, close to the coastal city of Sihanoukville. Each day for the next 18 months I was greeted by the same children as I walked through the village to the building site.

I began to question why these kids were not in school and a survey revealed that ~25% of children in the Ream Commune were not attending school regularly.

Towards the end of the project I realized that I was in a position where I could change the lives of the children in Ream for the better, and the concept of AllKids began to form. With the support of Mr John George, a successful businessman and an active Rotarian who has over twelve years' experience in managing charity organizations in Cambodia, AllKids was established in 2012 as a not for profit, international NGO.

Next week the Club will hear of the story and activities of the Linde Community Garden.

The following week members of the Garden will be guests at our Shed for Morning Tea.

More details next week.

Apologies: Keith Payne, Romaine Dawson, Mary-Anne Hannay, Keith Shaw
