## Guest Speaker – Chloe Watts Ronald McDonald House

Chloe spoke of the history of Ronald McDonald House in Melbourne Street and the wonderful service it provides for country folk supporting children who are ill or have specific needs.

“For the past 24 years, Ronald McDonald House Charities SA has been dedicated to creating a “home away from home” for children and families who have to travel from regional South Australia for medical care. ... We are the only organisation that provides safe, free accommodation to all regional families visiting the Women’s and Children’s Hospital.

We not only provide a comfortable place for families to stay but also offer various programs and services to support them during their difficult time. We offer a range of services such as meal programs, transport services, and counselling for families to help them cope with the stress and emotional toll of having a sick child. These services are vital for families who are often far away from their support network and are struggling with the financial burden of medical treatment.”
