Next Club Meeting – Tuesday 11th February 2020 at the Kensington Hotel Guest Speaker – Sophie Baker – The Premier's Anzac Spirit School Prize

# Report of Meeting 3120 held on 4th February 2020 at the Kensington Hotel

**Meeting Opening –** Sergeant *Milton Jones* called on *Romaine Dawson* to give the invocation and loyal toast.

**Welcome** - President *John George* welcomed all especially the guests, *Chris Paassens* and *Shelley, Paul Mathews* from TADSA and *Trenna Kretschmer*.

Induction of New Member - Brian Kretschmer gave the following introduction about Chris Paassens. – 'Chris was born and raised in Christchurch NZ and during High School developed a passion for Engineering. This led Chris to a trade apprenticeship as a fitter and welder with a small family owned engineering business. He went on to work in various other workshops and in sales and management roles around Christchurch, eventually ending up getting a role as a temp fitter welder working for a company called Toltec Scale.

After only 2 days Chris contacted the recruiter asking, "please find me another role as I don't think this is a great career move". Chris, however, went on to work for and eventually buy into Toltec Scale for 15 years, eventually becoming a director in the business.

In September 2010 Christchurch had a major earthquake followed by a much larger and more damaging quake in February 2011. 185 people were killed on that day, although he was one of the lucky ones who didn't have any loved ones taken away, it still "shook" everyone equally and his hometown did not feel safe anymore.

He made the decision to approach one of his major suppliers (Mettler Toledo) about any roles that may be coming up and was offered a position, which resulted in a shift to Melbourne.

After a couple of years unfortunately (or fortunately – Chris's words!) Chris and his then wife divorced. Living and working in a relatively new city, Chris decided to sign up to an online dating app and was very fortunate to meet Shelley. They have since married and are now trying to start a family.

In 2018 they decided to move to Adelaide (where Shelley is from originally) and won a role as service manager for a national company called Diverseco. Unfortunately, Shelley hasn't yet been able to secure a full-time role but has had several casual administrative and executive assistant roles in the 6 months they have been back here in Adelaide.

Chris mentioned earlier that he didn't think working in the weighing industry was a good career move but has now been in it and travelled extensively for nearly 20 years. Chris's journey and achievements in the industry and his other interests will make a great presentation to us, once he has settled into our Club.

I have much pleasure in introducing Chris and Shelley to the Rotary Club of St Peters.'

President John George inducted Chris Paassens into membership of the Rotary Club of St Peters. He will be on the Community Service Committee.

All the members of the Community Service Committee are thanked for their contributions to our programs this Rotary year.

**International Service** – *David Strange* - Your International Committee has had a few requests for donations recently and we have this past week responded to three of those requests.

Firstly we received an email from Trevor McQuirk, the District Chair International Services, regarding a project being initiated by the Rotary Club of Unley.

This project pertains to the purchase and installation of rain water tanks, toilets and associated plumbing in a remote village in the Solomon Islands. We have donated \$4000 towards this expected \$20k project. The project is made more difficult and costly due the remoteness of the location and relatively high costs in the Solomon Islands.

We were also approached by Interplast, the organisation that offers surgical procedures to Pacific Island and PNG patients that can not afford to have the surgeries themselves. We have donated \$1000 to them.

Lastly we get numerous letters from Shelterbox each year and given the number of disasters they help out with each year we have donated them \$2,000.

So with these recent donations and the ones already given the International Committee has expended its \$13,000 budget for this Rotary Year.

**Vocational and Youth** – *Chris Dawson* for *David Heilbronn* - The NYSF program in Canberra had to be curtailed due to the bushfires and financial compensation will be forthcoming to the parents of attendees.
