### **President John's Announcement regarding Coronavirus (COVID-19) – 17<sup>th</sup> March 2020**

To all members of the Rotary Club of St Peters,

Following discussion with Bill Winslow and some other highly qualified folk this morning, I have come to accept that we must do everything we can to contain this virus that is already well out of the bag and appears to be getting worse by the hour.

Accordingly, I am announcing the immediate suspension of all regular meetings and the cessation of our shed sale days. This does not preclude those members who wish to work at the shed continuing to do so but naturally observing all precautions such as social distancing, hand washing / disinfecting etc., and keeping fresh air circulating through the premises.

For your own protection, observe all actions to minimise your risk of infection. Let's face it, we are all in the highest risk demographic so need to isolate ourselves from anyone who is a potential high risk. Sadly, this means grandchildren and other loved ones who could well be carrying the virus with no symptoms and who will likely recover fully, some without a sniffle.

I will keep in touch with you as things evolve. Our Board will review this situation at the end of April.

Keep Safe,  
Regards to all,

John George,  
President, Rotary Club of St Peters

# SORRY

**Due to the rapidly changing restrictions we are facing as a result of COVID 19 and our concern for the safety of our patrons and Rotarians**

**Shed Sales are suspended until further notice and our regular meetings are suspended as well**

### Australian Rotary Health

Australian Rotary Health is one of the largest independent funders of mental health research within Australia.

They also provide funding into a broad range of general health areas, provide scholarships for rural medical and nursing students, as well as Indigenous health students. Australian Rotary Health provides funding into areas of health that do not readily attract funding, and promotes findings to the community.

Australian Rotary Health is a project of the Rotary Districts of Australia and is supported by Rotary Clubs. They have a broad vision to improve the health and wellbeing of all Australians.
