Shed heaters

To Turn the Heater 'On' just rotate the dial clockwise until you hear a click. The Heater will go 'On' for 2 hours. If you keep on turning clockwise after it switches 'On', you will decrease the time that the Heater stays 'On'.

- To Turn the Heater 'Off' just rotate the dial clockwise until you hear a click. The Heater will go 'Off'.
- Do not turn the dial anti-clockwise (it will not go anticlockwise).
- Do not remove the yellow tape on the side of the Timer as it is stopping the technologically challenged from over-riding the Timer.
- There are large texta markings on the face of the Timer to indicate the clockwise direction and the Count Down Time remaining.
- It is easiest to leave the power point switched 'On' and rely on the Timer

Holger Knaack
President, 2020-21

Greetings, fellow Rotarians and Rotaractors!

I am so honored to serve as your president this year. We have important work ahead of us at Rotary, and we are going to have a lot of fun as we do it.

Last year, we launched our five-year Action Plan to build a stronger future for Rotary. We are working to increase our impact, expand our reach, enhance participant engagement, and increase our ability to adapt. The last several months have shown that we — as Rotarians and Rotaractors — can realize these goals as we forge a new path for the future.

Without question, COVID-19 has posed new and previously unimaginable challenges for Rotary. But within every challenge is perhaps an even greater opportunity. And while I could not have known what lay ahead when I selected my theme for the year, Rotary Opens Opportunities has even greater relevance as we begin our new Rotary year.

I am incredibly inspired by how our members have adapted and responded to COVID-19. This global pandemic has made it difficult for many of our clubs to operate as usual, but we persevered, and over the past few months, I've enjoyed connecting with my fellow Rotarians and Rotaractors in a new way: by visiting hundreds of clubs from my home. It's been fun to attend so many meetings virtually. If you haven't already, I encourage your club to try an online meeting or add an online component, like hosting a guest speaker from a Rotary or Rotaract club located in a different part of the world.

As we build a stronger future for our organization, it's good that we are reaching out to new people and introducing them to Rotary. It's important that our clubs reflect the communities we serve. More diverse voices in our clubs and in our leadership will help Rotary stay in touch with a changing world.

So let's find every opportunity to show we value each and every member. Let's seize this moment to build on what we've learned, to embrace our new reality, to welcome new faces, and to find additional ways to shine. This is how we will have a continuing impact on the world. And if you need assistance along the way, Rotary offers many resources that can help you reach your goals.

Rotary means different things in different parts of the world, but we are all united by our core values and by The Four-Way Test. Rotary may change, but our values remain constant.

I look forward to hearing about how you're finding new opportunities to engage and make an impact in your club and community. Rotary Opens Opportunities, both for the people we serve and for ourselves.

Thank you.
