Guest Speaker

**Brian Kretschmer** introduced Virginia McFarlane. Virginia has recently been elected as a councillor in the City of Norwood Payneham & St Peters (NPSP) representing the Ward of Maylands and Trinity Gardens.

She has been elected to the Council’s Business & Economic Development Committee, the Norwood Parade Precinct Committee, and also as the Council’s appointed Deputy Board Member of the East Waste Board.

Virginia said she grew up in country NSW and has studied and travelled overseas including working in developing countries. After working in Sydney for a number of years she came to SA.

Her profile on the NPSP website says –

*I have a background in finance, governance, business operations, facility and asset management, and climate change in the private and not-for-profit sectors. I aim to use my skills to build continuous improvement in the way we maintain our public assets and deliver our services. When it comes to capital investment in major projects, I want to ensure our investments meet the needs and aspirations of the community, yield enduring and tangible benefits, and get delivered in a transparent manner, on time, and within budget.*

*Connecting with and advocating for our residents, community groups, and local businesses was my motivation for running for local government. I love to build collaborative relationships and seek out business development opportunities to help our community to thrive. I am excited to be part of a group of people whose motivation is to build community spirit to reduce social isolation and improve our sense of well-being and belonging.*

Virginia is keen to maintain a close relationship with the Rotary Club of St Peters including working at the Shed.

There were a lot of questions and comments from members, who also want to maintain a close relationship with the NPSP Council.

**Jim Owler** thanked Virginia for her presentation.
