Calling All Rotary Club of St Peters Shed Volunteers

Tuesday 16 May will be a special meeting at Kensington Hotel with all volunteers to be given a meal and thank you to acknowledge their work. More details to follow.

Guest Speaker

David Wark has been the chairperson of Operation Flinders for the past 4 years.

The city office is at 12 Angus Ave, Edwardstown.

Operation Foundation works to transform the lives of young people from the age of 13 - 18. The 8-day program is held in the northern Flinders Ranges on Yankaninna Station where young people trek up to 100km, experience abseiling, Indigenous culture, bushcraft and build self-confidence through challenging themselves.

These young people come from all across South Australia and are typically referred to us as part of a team of 10 from one school or agency.

Once the young person completes the course the program lets children believe that we are all built equally but some choose to find the wrong path. The program allows for the students to make positive choices in their lives. Two Volunteers lead each group.

Many of the discussions are held in the evening around a campfire.

There is a follow up program 2 months after completion for all called WTF (What the Future).

The program teaches ambition and resilience.

David said he would like all Rotarians to **speak and listen** to what young children have to say. Be a role model and listen.

Romaine Dawson proposed a vote of thanks and presented David with a cheque from the Youth Community and Community Committees.

Dear Arthur and all at the Rotary Club of St Peters,

I've said it before, and I'll say it again – education is so much more than what happens in the classroom. At The School of St Jude, we're committed to holistic education, so this month I have some wonderful stories to share from all around our schools.

First up, have you heard about [our talented long jumper and sprinter Elia](#)? He's going from strength to strength on the international stage – all while preparing for his final examinations!

Then, take a walk around our recent Science Day with our student podcast hosts, Irene and Theresia, and discover some exciting innovations and the great minds behind them. You can catch this podcast on [audio](#) or [video](#).

One For the Books: Elia celebrating after winning first place in long jump at the Eastern and Central African U-18 and U-20 Championships.

Over in secondary, [our students put on a thrilling assembly to honour women and promote equity on International Women's Day.](#)

And in the spirit of educational equity, I am pleased to share the way that our Form 2 student, [Sebastian, is making use of technology to learn with vision challenges](#) and fully engage in education, with support from generous supporters.

For those of you with an interest in holistic education at St Jude's, you might be excited to hear about our new sponsorship option. [Learn more about how you can contribute to the education of an entire class of students for AU\\$45/month!](#)

And finally, I'm excited to announce that the new St Jude's book, The School That Hope Built, by Madeleine Kelly, is [now available for pre-order on our website](#) (shipping begins 30 May), with all profits supporting our work here in Tanzania. For all of you who enjoyed our first book, this new book will fill you in on all the achievements and challenges of the last 10 years, while new readers can learn about how we got started. At the moment, the book is only available in Australia but we're doing our best to find options for supporters in other countries. If you live outside of Australia and you like buy a copy, please [send us an email.](#)

All the best,

Gemma
