Vision of Islands

Let Us Tell You Our Story – (from the Website)

“We are a non-profit volunteer eye surgical and clinical team who provide our services free of charge in the Pacific islands, so far extending to Tonga and Tuvalu.

We work under the direction of the Ministry of Health of each participating country to provide medical outreach team visits, involving and training the local medical staff in patient care, providing medical and teaching equipment and train local staff in their use, and extending our specialist eye services to remote areas where people lack specialist services because of remoteness.

We bring with us all required equipment, expendables, teaching materials (with backup) and on leaving to take away all unwanted items, rubbish so that we leave the island as clean or cleaner than on arrival.

Our goal is to include Registrar trainees from Australasia in the program to expose them to aspects of humanitarian care where they will also see extreme need and advanced pathology.

We also aim to take other professionals who may wish to serve or study topics covering several island nations.

We are very pleased to announce our first volunteer trip back to the Pacific Islands since the Covid-19 Pandemic!”

Donations are welcome. DG Craig Dowling has suggested each Club might donate \$500. A Global Grant application is envisaged.

Personal and corporate donations through RAWCS will be tax deductible.

There is a very high instance of eye issues on the two islands Tuvalu and Tonga.

These may be caused by diabetes resulting from poor diet or intense UV rays from the islands’ proximity to the Equator. Nevertheless younger than average folk need urgent attention.

Cataract surgeries help many restore vision. There is much to be done by the volunteer team.

Our International Committee headed by John Dubberley chose to donate \$5000 to this project. Members agreed the presentation was very informative and engaging.

New look bulletins

The club board has decided to trial publishing two unique bulletins.

Between May and November 2024, all the people on our current distribution list will receive a special monthly edition, which will feature club projects and reports about guest speakers.

Members, partners, volunteers, District officials and anyone else who requests it, will receive a weekly issue which will include rosters and information about club activities.

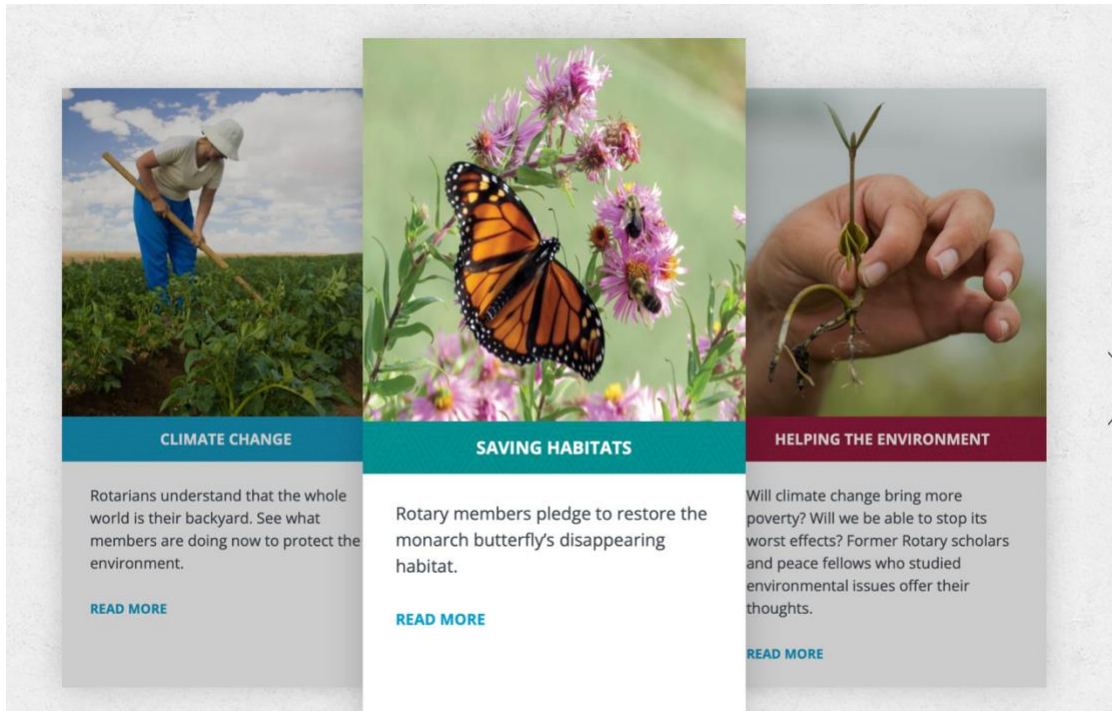

We will welcome comments from anyone about this trial.

April is the month where Rotarians might focus on Environmental issues.

Do Food Safely - Online Course Requirement

Calling all members who are involved with food handling – at the Shed Sales, Events or Club Barbecues.

Please notify Phil or Angela on completion.

DoFoodSafely is a free, non-accredited, online learning program provided by the Department of Health Victoria and proudly supported by Queensland Health, South Australia Health and Tasmania Health. **DoFoodSafely** is designed to enable you to understand how to safely work with, and handle, food in commercial settings.

Shed Report - Phil Smith

Shed Team leaders are reminded of the weekly Safety Report sheets that must be filled in following a safety check of all areas.

Last Saturday a record was set in sales of pancakes and second-hand goods. Well done to all concerned.

Thank you from Patricia Bozin

Patricia's furniture container has arrived.

However the challenge of the king bed making it up two flights of stairs was another issue!

Patricia thanked our three fellows who solved the problem. It is understood another shelf was almost installed!

She also thanked Jim and members for their warmth and hospitality afforded to Patricia and her husband.

Patricia begins a new position next week and the Club sends best wishes.

Well-being Report

The Club sends best wishes to Wayne Holton.

Also to Dennis Henschke who is recovering from a fractured wrist. Get well soon Dennis.
