Next meeting
 5.30 for 6pm
 16 July 2018

Michelle Parkinson
Rangitoto College
Cambodian Update

Farewell Julie

Last Monday's meeting was the last one for our student Julie, from France. She was sporting her Rotary jacket, now completely covered in badges and momentos of her stay. Her year in New Zealand seems to have passed so quickly. We have all enjoyed her presence at meetings, the ready smile, touch of elegance, winning raffle ticket seller She has joined in Rotary activities enthusiastically, even the boring ones - like Marathon marshalling! Au revoir Julie and our best wishes for a safe trip home to your family.

Next Monday we are welcoming Michelle Parkinson to give us news about the three special Cambodian girls we have hosted through the Youth Exchange Programme. I'm looking forward to hearing of their progress.

We covered some more ground in the second Forum meeting. Jim gave us a summary of the 2018 goals for the Foundation and International Committee. We have been active in programmes in Vanuatu, providing funding for the Nepal water project and Carol will be looking into something with the Timor Rotaract Club, which seems appropriate given our close association with the ROMAC children from East Timor. We hope more of our membership will become Centurion members, this is not expensive, \$100 a year, but all those \$100s add a huge boost to the Rotary Foundation. Lets get to 100% membership for our club!

Rod updated us on the Golf Fundraiser. It is a relief we have the support of the Waitemata Golf Course and the North Shore Taxis - without them the day would not be the success it is, especially since corporate sponsorship is more difficult to find now. Any ideas for other fundraisers always most welcome. And of course there was plenty of discussion on how to grow the Club. Jenna is our very able PR manager, and also on the Club Development team and she has some good PR ideas up her sleeve. We need to make sure the club activities are attractive to our membership, but also appealing to others who might be interested in joining. Surveying our members is a good start, but Amanda (and a huge welcome back Amanda) made the very good point that we need to seek opinions from those not currently involved (and who we would dearly love to join us). So plenty to think about while we press on with the many activities that this very active club already has in progress!

Notices.

Julie leaves on Thursday night at 8:30 PM. In a short emotional speech Julie thanked the club for everything. It was far better than she thought and we were a great club. Jim said she had been wonderful and presented her with a small memento.

President Jennifer had just returned from Great Barrier where the Rural Women's Association organise an annual adult education weekend. Last year's was about astronomy and they had great speakers from New Zealand and overseas including somebody from Nasa and also Weta Workshop. As a result they now have dark sky sanctuary status. in the month of Matariki they have telescopes available for use and rockets for kids. This is a small group helping the local community.

Forum continued.

International. Continue to help with Ambae (Vanuatu) rehousing, ERK, Hokua school desks project- see photo, the Nepal water project and Romac if needed. Under consideration is a water/sanitation project in Vanuatu, micro-finance and assisting a Timorese Rotaract club. It is hoped to participate in the Cairo to Cape Town day in Browns Bay which was rained out last year. IYE- we farewell Julie returning home and Ciaran Seymour off to Chile and welcome Darius Lemann from Switzerland.

Fundraising. Golf- we have on board – Waitemata Golf Club, the Well Foundation and North Shore Taxis (10 years). The trademark has been obtained for 10 years and the Committee are looking at another major sponsor. The funds will be used to purchase a skin grafting machine. A flyer is ready so help if you can.

A fund raising discussion followed and it was suggested that it might be easier to get individuals rather than companies to take part.

Membership was discussed especially what would attract and keep younger members. A written questionnaire was suggested for ideas. Many younger professionals already have access to good speakers and it may be projects that are short and snappy are needed. Rebranding may be needed for a different demographic who are more interested in 'what's in it for me' but also wanting to feel useful. Perhaps a joint project with a major corporate like Bunnings or Mitre10 is needed.

Parting thought – the purpose of life is to believe, to hope and to strive. Indira Gandhi.

Sonia Thursby is the CEO of the Yes centre and has asked us to circulate this flyer for their ladies fundraising lunch on Thursday July 26. Proceeds will go toward for the new youth centre in Takapuna branded Shore Junction. The Yes centre work very hard for people with disabilities and youth in particular. They have had strong support from Rotary over a long period.

In coming IYE student due this month.

Darius LEHMANN is from Weiningen close to Zurich and is sponsored by the Zurich-Dietikon Club. His main language is German but also speaks English and French. He is 15 years old and plays the piano and does gymnastics regularly. His mother is a judge and his father is an environmental lawyer.

You are invited
to a special fundraising lunch in support of
Shore Junction
